## **SECTION 1.      INTRODUCTION & INVITATION FOR BIDS**

### **1      *Background & Introduction***

- 1.1      Jammu and Kashmir Energy Development Agency (hereinafter called “JAKEDA”) under the administrative control of the Science & Technology Department, Govt. of J&K is mandated to float RESCO Tender for setting up of Rooftop Solar Power Plants on Government Buildings of UT of J&K. One of the main objectives of the Agency is to assist the Ministry of New and Renewable Energy, GoI and function as the implementing and facilitating arm of the National Solar Mission (NSM) for development, promotion and commercialization of solar energy technologies in the UT of J&K.
- 1.2      One of the targets enshrined by the Government of India under the “Panchamrit” announced by Hon’ble Prime Minister at the COP 26 summit in Glasgow, is meeting 50% of total energy requirements from renewable energy by 2030. Accordingly, several Government organizations, Ministries and other institutions have taken necessary steps to install Grid-Connected Rooftop Solar PV Projects at their premises/buildings, to increase electricity consumption through renewable energy. As part of this initiative, JAKEDA has been designated to set up Rooftop Solar Power Plants on Government Buildings of UT of J&K and has been advised to carry out the bidding and selection of Project developers through a competitive bidding process, to set up Projects under RESCO mode on Government Buildings. In line with the above, JAKEDA, on behalf of all the Government Departments of UT of J&K, hereby invites proposals for setting up of around 200 MW Grid- Connected Rooftop Solar PV (RTSPV) Projects on Build Own Operate (BOO) basis, on the buildings owned by various UT Government Departments. Through this tender, JAKEDA invites proposals for empanelment of Solar Project Developers for setting up of RTSPV Projects for Govt. Institutions/Government organizations of UT of J&K at the tariffs discovered under this tender.
- 1.3      JAKEDA shall be the bidding and empaneling agency for selection and empanelment of Solar Project Developers for setting up of RTSPV Projects on various UT Govt. Buildings. Details regarding the empanelment process are contained in Section-8 of the RfS document.
- 1.4      The Bidders will be free to avail fiscal incentives like Accelerated Depreciation, Concessional Customs and Excise Duties, Tax Holidays etc. as available for such Projects. The same will not have any bearing on comparison of bids for selection. As equal opportunity is being provided to all Bidders at the time of tendering itself, it is upto the Bidders to avail various tax and other benefits. No claim shall arise on JAKEDA for any liability, if Bidders are not able to avail fiscal incentives and this will not have any bearing on the applicable tariff. JAKEDA does not however, give a representation on the availability of fiscal incentive and submission of bid by the Bidder shall be independent of such availability or non-availability as the case may be of the fiscal incentives.
- 1.5      No separate Central/UT Financial assistance is envisaged for implementation of the projects selected under this RfS.

## 2 *Invitation for Bids*

- 2.1 Two-Envelope Bidding Procedure will be adopted as detailed in the RfS Documents. Bidding will be conducted through the competitive bidding procedures as per the provisions of Sections 2 and 3 of the RfS. However Reverse Auction bidding shall be adopted as per [www.jktenders.gov.in](http://www.jktenders.gov.in) business rules/guidelines.
- 2.2 The Financial Bid of Eligible Bidder(s) with lowest Quoted Tariff for each cluster i.e., L1 Tariff shall be opened on [www.jktenders.gov.in](http://www.jktenders.gov.in) without disclosing the name of Bidder. Also, other Bidder's identity and bid rates would not be revealed.
- 2.3 Nodal Agency will have right to decide on reasonableness of rates under this RfS.
- 2.4 Portal will automatically mail the Reverse Auction log-in credentials, date and timing to all the Eligible Bidder(s) for each Cluster.
- 2.5 For each Cluster, Reverse Auction will start from the L1 Tariff discovered for that Cluster.
- 2.6 Interested bidders must necessarily register themselves on the portal [www.jktenders.gov.in](http://www.jktenders.gov.in) to participate in the bidding under this invitation for bids.

For proper uploading of the bids on the portal, it shall be the sole responsibility of the bidders to apprise themselves adequately regarding all the relevant procedures and provisions as detailed in the portal. JAKEDA in no case shall be responsible for any issues related to timely or properly uploading/ submission of the bid in accordance with the relevant provisions of the Bidding Documents.

- 2.7 Bidders should submit their bid proposal complete in all aspect on or before last date and time of Bid Submission as mentioned.
- 2.8 Bidder shall submit its proposal along with non-refundable Bid Processing Fees and Earnest Money Deposit (EMD) complete in all respect as per the Bid Information Sheet. Techno-Commercial bids will be opened as per the Bid Information Sheet in online presence of authorized representatives of bidders who wish to be present online. Bid proposals received without the Bid Processing Fees and/or Earnest Money Deposit (EMD) (as applicable) will be rejected. **In the event of any date indicated being declared a holiday, the next working day shall become operative for the respective purpose mentioned herein.**

RfS documents which include Eligibility Criteria, Technical Specifications, various Conditions of Contract, Formats etc. can be downloaded from the [www.jktenders.gov.in](http://www.jktenders.gov.in) Portal. Any amendment(s)/corrigendum(s)/clarification(s) with respect to this RfS shall be uploaded on [www.jktenders.gov.in](http://www.jktenders.gov.in). The Bidder should regularly check for any Amendment(s)/Corrigendum(s)/Clarification(s) on the above mentioned website.

2.9 JAKEDA reserves the right to cancel/withdraw/defer this invitation for bids without assigning any reason and shall bear no liability whatsoever consequent upon such a decision.

## **2.10 INTERPRETATIONS**

- Different parts of this contract are to be taken as mutually explanatory and supplementary to each other and if there is any differentiation between or among the parts of this contract, they shall be interpreted in a harmonious manner so as to give effect to each part.
- The table of contents and any headings or sub headings in the contract has been inserted for case of reference only & shall not affect the interpretation of this agreement.

## **SECTION 2.: SPECIAL CONDITIONS OF CONTRACT**

### **3** *Scope of Work*

- 3.1 Under this RfS, the Solar Power Developer (SPD) shall be required to set up Grid-Connected Rooftop Solar PV (RTSPV) Projects, with the primary objective of supplying solar power to Government Organizations of UT of J&K, as per the provisions of the RfS and standard Power Purchase Agreement (PPA).
- 3.2 The Projects shall be set up under the RESCO Mode, as defined by JAKEDA. The scope of work of the SPD, inter alia, includes obtaining complete design, engineering, supply, storage, civil work, erection, testing & commissioning of the RTSPV Project including Operation and Maintenance (O&M) of the project for the term of the PPA. The O&M of the Project may include wear, tear, overhauling, machinebreakdown, insurance, and replacement of defective modules, invertors/ Power Conditioning Unit (PCU), spares, consumables & other parts for the PPA term.
- 3.3 Obtaining Net-metering and grid connectivity of the Project under this tender would be the responsibility of the bidder in accordance with the prevailing guidelines of the JERC or the DISCOM in the respective area. The respective Government organizations (“**Beneficiary organizations**”) could facilitate connectivity and necessary approvals, however, the entire responsibility lies with the SPD only.
- 3.4 The SPD shall take all necessary permits, approvals and licenses, insurance etc., provide training and such other items and services required to complete the scope of work mentioned above.
- 3.5 The Projects to be selected under this scheme provide for deployment of Solar Photovoltaic Technology. However, the selection of Projects would be technology agnostic.

### **4** *Total capacity offered*

- 4.1 The estimated cumulative Project capacity envisaged for UT Government buildings is around 175 MW. The tentative list of Buildings (Department-wise) under UT Government has been annexed at Annexure-A at the end of RFS Document. The final capacity to be installed will be determined after the survey of the buildings and at the time of signing of PPA between the SPD and UT Government Department.

## **5** *Maximum Eligibility for Contracted Capacity Allocation for a Bidder*

Following conditions shall be applicable to the Bidders for submission of bids against this RfS:

- 5.1 A Bidder, including its Parent, Affiliate or Ultimate Parent or any Group Company shall submit a single/separate bid for each cluster. For Clusters 'A-J' to 'E-J' and Clusters 'A-K' to 'E-K', the bidder must quote for at least 50% of the tentative projected capacity as indicated in the table given at clause 6.2. However, in respect of two large clusters (Cluster 'F-J' and Cluster 'F-K'), the bidder shall at least bid for a minimum capacity of 15MW.

The maximum capacity for which a bidder shall quote for a cluster shall be up to the tentative projected capacity of that particular cluster. The individual size of the projects shall range from 20 kW to 500 kW only.

**Note:** In case a common Company/Companies directly or indirectly hold(s) more than 10% but less than 26% shareholding in more than one Bidder participating in the RfS, each one of such Bidders will be required to submit the Disclosure as per Format 7.8A. In all other cases, Format 7.8 will be applicable.

- 5.2 The total capacity to be allocated to a Bidder including its Parent, Affiliate or Ultimate Parent or any Group Company shall be up to **75 MW**.
- 5.3 The evaluation of bids shall be carried out as described in Section-5 of the RfS. The methodology for allocation of Projects is elaborated in Section-5 of the RfS.
- 5.4 Subject to the exception as per Clause 5.1 above, multiple bids from same company including its Parent/ Ultimate Parent/Affiliates/Group Companies shall make all the bids submitted by the group invalid.

## **6** *Project Location*

- 6.1 The Projects shall be located at the locations (Across the UT of J&K divided into different Departments) chosen by the Bidder at its own discretion of and cost, risk and responsibility. Department wise number of buildings along with maximum capacity to be allocated under each cluster is mentioned below.

To facilitate the Bidders, an indicative Department wise list of possible rooftops has been enclosed as **Annexure-A**. Successful bidders will be required to visit the respective sites and assess the feasibility of space including installation capacity in consultation with nodal officers appointed by respective Departments. However, the entire responsibility of identifying the roofs will be of the Successful Bidder. **JAKEDA shall not bear any responsibility in this regard.**

6.2 The area of UT of J&K has been divided in Twelve (12) Clusters. The details are given Below:

S.No	Name of Department	Name of Cluster	Tentative Number of Buildings	Tentative Capacity (MW)	Min. Bid capacity (MW)
1	Industries & commerce	Cluster 'A'-J	81	3.0	1.5
2	Skill Development	Cluster 'B'-J	50	3.0	1.5
3	Housing & Urban Development	Cluster 'C'-J	100	2.0	1.0
4	School Education	Cluster 'D'-J	2582	12.0	6.0
5	Power Development	Cluster 'E'-J	12	1.5	0.75
6	Health & Medical Education	Cluster 'F'-J	900	63.00	15
7	Industries & commerce	Cluster 'A'-K	131	4.0	2.0
8	Skill Development	Cluster 'B'-K	59	4.0	2.0
9	Housing & Urban Development	Cluster 'C'-K	145	3.0	1.5
10	School Education	Cluster 'D'-K	2000	8.0	4.0
11	Power Development	Cluster 'E'-K	13	1.5	0.75
12	Health & Medical Education	Cluster 'F'-K	966	70.0	15.0
<b>TOTAL</b>			<b>7039</b>	<b>175</b>	

6.3 The CUF of 13.5% shall be maintained by the bidder across the UT of Jammu & Kashmir for all the buildings. The Modules should be warranted for a performance degradation of less than 3% for the first-year of installation and below 1% per annum for the subsequent years.

6.4 Project Configuration:

The term "Project" shall have the meaning as defined in Section 6 of the RfS. A single Project shall refer to one or multiple Grid-connected RTSPV systems installed on a single/group of buildings, connected to the grid through a single or multiple meters. PPA will be signed for Aggregate Project capacity wise for each Department separately. Configuration of a Project is under scope of the SPD, subject to the condition that the minimum Project size shall be 20 kW. Configuration of each project shall be decided mutually between Host Departments and SPD.

## **7. *Connectivity with the Grid***

- 7.1 The Project should be designed for interconnection with the grid in accordance with prevailing JERC regulations in this regard. For interconnection with the grid and metering, the SPD shall abide by applicable Grid Code, Grid Connectivity Standards, Regulations on Communication System for transmission of electricity and other regulations/procedures (as amended from time to time) issued by Appropriate Commissions and Central Electricity Authority (CEA), and any other regulations of the concerned DISCOM where the Project is located. Minimum voltage level for interconnection with the grid shall be as determined by the respective DISCOM.
- 7.2 The responsibility of getting connectivity and necessary approvals for grid connection and net-metering shall entirely be with the SPD and shall be at the risk and cost of the SPD. The transmission of power up to, and including at the point(s) of interconnection where metering is done for energy accounting, shall be the responsibility of the SPD at its own cost. The maintenance of transmission system up to and including at the Interconnection Point shall be responsibility of the SPD, to be undertaken entirely at its risk and cost.
- 7.3 Metering arrangement of each Project shall have to be adhered to in line with relevant clauses of the PPA. The entire cost of transmission (if applicable) including cost of construction of line, maintenance, losses etc. and any other charges from the Project up to and including at the Interconnection Point will be borne by the SPD.
- 7.4 Note: The SPD shall apply for Net-metering approval with the respective DISCOM within 90 days of signing of PPA.

## **8 *Energy Supply by the Solar Power Developer***

### **8.1 Shortfall in Energy Supply:**

If the SPD is not been able to supply minimum energy corresponding to the value of annual CUF within the permissible lower limit of CUF declared by the SPD, the SPD shall be levied liquidated damages @50% of the PPA tariff for the shortfall in energy terms, in accordance with terms of the PPA.

## **9 *Commissioning of Projects***

When the Successful bidder fulfils his obligation under the Contract, he shall be eligible to apply for Completion/commissioning Certificate. JAKEDA shall normally issue to the Successful bidder the Completion Certificate within one month after receiving any application therefore from the Successful bidder after verifying from the completion documents and satisfying himself that the Work has been completed in accordance with and as set out in PPA/RFS documents. For the issuance of commissioning/completion certificate, the following documents will be deemed to form the completion documents:

- a. At least 15 days prior intimation to JAKEDA and client for witnessing the project inspection/performance.
- b. Detailed checklist for inspection of Roof top SPV power plants as per JAKEDA

format. (Annexure-C)

c. Project completion/ satisfaction certificate from roof top owners/client organization. (Annexure-D).

## **9.1 Commissioning Schedule and Liquidated Damages Not Amounting to Penalty for Delay in Commissioning**

9.1.1 For Projects located in District Headquarters/ Major towns/ Urban areas, the Scheduled Commissioning Date (SCD) for commissioning of the full capacity of the Project shall be the date as on **05 months** from the Effective Date of the PPA (for e.g. if Effective Date of the PPA is 01.03.2025, then SCD shall be 01.08.2025). For Projects located in Rural areas, the SCD shall be the date as on **07 months** from the Effective Date of PPA (for e.g. if Effective Date of the PPA is 01.03.2025, then SCD shall be 01.10.2025).

9.1.2 The maximum time period allowed for commissioning of the full Project Capacity with applicable liquidated damages, shall be limited to the date as on **10 months** from the SCD or the extended SCD (if applicable) (for e.g. if SCD of the Project is 01.03.2025, then the above deadline for Project commissioning shall be 01.01.2026).

9.1.3 In case of delay in commissioning of the Project beyond the SCD until the date as per Clause 9.1.2 above, as part of the liquidated damages, the total PBG amount for the Project shall be encashed on per-day-basis and proportionate to the balance capacity not commissioned. For example, in case of a Project of 2 MW capacity, if commissioning of 1 MW capacity is delayed by 18 days beyond the SCD, then the liquidated damages shall be:  $PBG \text{ amount} \times (1/2) \times (18/180)$ . For the purpose of calculations of the liquidated damages, 'month' shall be considered consisting of 30 days.

9.1.4 In case Commissioning of the Project is delayed beyond the date as per Clause 9.1.2 above, the PPA capacity shall stand reduced/amended to the Project Capacity commissioned and the PPA for the balance capacity will stand terminated on pro rata basis unless extension in timeline for execution of project with valid justification of delay is not sought from JAKEDA.

## **9.2 Project Inspection**

The progress of all the projects will be monitored by JAKEDA and the projects will be inspected for quality at any time during commissioning or after the completion of the project either by officer(s) from JAKEDA or any agency/ experts designated / authorized by JAKEDA from time to time. JAKEDA shall depute a technical person(s) from its list of empanelled experts/ agencies updated from time to time for inspection, Third party verification, monitoring of system installed to oversee, the implementation as per required standards and also visit the manufacturer's facilities to check the quality of

products as well as to visit the system the integrators to assess their technical capabilities as and when required. The cost of Inspection to be carried out by JAKEDA shall be borne by JAKEDA. The cost of re-inspection, if any shall be borne by Vendor. The projects shall be inspected at any time during commissioning or after the completion of the project.

While inspecting the Rooftop Solar SPV plant, demonstration of the desired Performance Ratio (PR) of 70% against commissioning is mandatory for acceptance of the plant. In case inspection of the plant is carried out after end date of commissioning, certificate indicating project completion will be mandatory from rooftop owner for commissioning of the plant.

## **10 Operation & Maintenance (O&M) Guidelines to be mandatorily followed by the SPD**

10.1 The SPD shall be responsible for all the required activities for successful O&M of the Rooftop Solar PV system for the PPA term from the date of commissioning of the Project.

10.2 Following guidelines shall be followed in this regard. In addition, O & M practices shall be strictly followed.

- i. O&M of the Project shall be compliant with grid requirements to achieve committed energy generation.
- ii. Periodic cleaning of solar modules. The modules shall be cleaned as and when required as per actual site conditions. It's the responsibility of the SPD to get the modules cleaned during O&M Period, to have maximum generation of energy.
- iii. A "hindrance register" shall be maintained to record any issues affecting Project O&M. The same shall be duly signed by both parties of the PPA, recording
- iv. Periodic checks of the Modules, PCUs and BoS shall be carried out as a part of routine, preventive and breakdown maintenance.
- v. Replacement of defective Modules, Invertors/PCUs and other equipment, as and when required, will be carried out within 15 working days from the date of reporting of defect which can be extended based on the site accessibility, etc. as mutually agreed by the two parties.
- vi. Supply of all spares, consumables and fixtures as required. Such stock shall be maintained for all associated equipment and materials as per manufacturer's / supplier's recommendations.
- vii. All the testing instruments required for Testing, Commissioning and O&M for the healthy operation of the Plant shall be maintained by the SPD.
- viii. If negligence/ mal-operation on part of the SPD's operator results in failure of equipment, such equipment should be repaired/ replaced by the SPD free of cost.
- ix. Co-ordination with Owner / DISCOM as per the requirement for Joint Meter Reading (JMR) Report. The person-in-charge present at site from the SPD's side shall take a

joint meter reading in the presence of rooftop owner on a monthly basis.

- x. Online Performance Monitoring, controlling, troubleshooting, maintaining of logs & records. A maintenance record register is to be maintained by the operator with effect from Commissioning to record the daily generation, regular maintenance work carried out as well as any preventive and breakdown maintenance along with the date of maintenance, reasons for the breakdown, duration of the breakdown, steps taken to attend the breakdown, etc.
- xi. For any issues related to operation & maintenance, a toll-free number shall be made available to the rooftop owner to resolve the same within 72 hours.
- xii. If any jobs covered in O&M Scope as per RfS are not carried out by the SPD during the O&M period, the Beneficiary Organization shall take appropriate action as deemed fit. JAKEDA reserves the right to make surprise checks/ inspection visits at its own or through authorized representative to verify the O&M activities being carried out by the SPD. Failure to adhere to above guidelines may result in penal action including debaring from participation in next tender.
- xiii. It is up to SPD and Host Department to mutually decide on the source and amount of water to be supplied for module cleaning during O&M period.

### **SECTION 3. STANDARD CONDITIONS OF CONTRACT**

#### **11 *Obtaining RfS Documents***

Interested bidders have to download the official copy of RfS & other documents after login into the jk e-tendering portal by using the Login ID & Password provided by the said portal during registration. The bidder shall be eligible to submit/upload the bid document only after logging into the portal and downloading the official copy of RfS. The Bidding documents are available free of cost.

#### **12 *Bid Processing Fees***

Prospective Bidders interested to participate in the bidding process are required to submit their Project proposals in response to this RfS document along with a non-refundable processing fee as mentioned in the Bid Information Sheet. A Bidder will be eligible to participate in the bidding process only on submission of entire financial amounts as per the Bid Information Sheet. In case the Bidder chooses to submit the Bid Processing Fees through NEFT/RTGS (electronic transfer), the Bidder shall submit the transaction receipt instead of the corresponding DDs, as part of the offline bid submission.

**Bids submitted without Bid Processing Fee and/or Bank Guarantee against Earnest Money Deposit (EMD) (as applicable) (including partial submission of any one of the respective amounts), will be liable for rejection by JAKEDA.**

#### **13 *Bank Guarantee as Earnest Money Deposit (EMD)***

13.1 Earnest Money Deposit (EMD) of **INR 5,00,000 / MW** (Indian Rupees Five Lakhs per MW) in the form of FDR/Bank Guarantee according to Format 7.3A and valid for 12 months from the last date of bid submission, shall be submitted by the Bidder along with their bid, failing which the bid shall be summarily rejected. The FDR/Bank Guarantees towards EMD have to be issued in the name of the Bidding Company/ Lead Member of Bidding Consortium endorsed in the Name of CEO, JAKEDA.

13.2 The Bidder shall furnish the Bank Guarantees towards EMD from any of the Scheduled Commercial Banks as listed on the website of Reserve Bank of India (RBI) and amended as on the date of issuance of bank guarantee. Bank Guarantee issued by foreign branch of a Scheduled Commercial Bank is to be endorsed by the Indian branch of the same bank or State Bank of India (SBI).

13.3 JAKEDA has agreed to accept the EMD in the form of an unconditional and irrevocable Bank Guarantee instead of the cash deposit with the clear position intimated to the bidder that the EMD Bank Guarantee shall be encashable for being appropriated by JAKEDA in terms of the guarantee as in the case of appropriation of the cash deposit lying with JAKEDA.

13.4 The Bank Guarantee (BG) or amendment to be submitted against EMD shall be in the name of CEO JAKEDA.

### **13.5 Forfeiture of EMD:**

The FDR/BG towards EMD shall be encashed by JAKEDA in following cases:

13.5.1 If the Bidder withdraws or varies the bid after due date and time of bid submission and during the validity of bid;

13.5.2 In case, the Beneficiary Organization offers to execute the PPA with the Successful Bidder and if the Successful Bidder does not execute the PPA within the stipulated time period;

13.5.3 If after issuance of LoA, it is found that the documents furnished by the Bidder as part of response to RfS are misleading or misrepresented in any way;

13.5.4 If the Bidder fails to furnish required PBG in accordance with Clause 14 of the RfS.

### **14 *Performance Bank Guarantee (PBG)***

14.1 Bidders selected by JAKEDA based on this RfS shall submit to the Beneficiary Organization, a Performance Guarantee with a validity period of 06 years for a value @ **INR 6,00,000/MW/Project (Indian Rupees Six Lakhs per MW)** prior to signing of PPA. It may be noted that Successful Bidders shall submit the Performance Guarantee according to the Format 7.3B.

14.2 All Performance Bank Guarantees (PBGs) shall be submitted separately for each Department wise. The PBGs will be issued in favour of the Beneficiary Organization/authorized agency, whose details will be provided to the SPD prior to issuance of the PBG.

Note: The PBGs are required to be submitted in the name of the entity signing the PPA.

14.3 The SPD shall furnish the PBG from any of the Scheduled Commercial Banks as listed on the website of Reserve Bank of India (RBI) and amended as on the date of issuance of bank guarantee. Bank Guarantee issued by foreign branch of a Scheduled Commercial Bank is to be endorsed by the Indian branch of the same bank or State Bank of India (SBI). In case of the Project being implemented through an SPV incorporated by the successful bidder, the PBG shall be furnished in the name of the SPV, except for the case as indicated in Clause 29.4 of the RfS.

14.4 The format of the Bank Guarantee prescribed in the Formats 7.3 A (EMD) and 7.3 B (PBG) shall be strictly adhered to and any deviation from the above Formats shall result in rejection of the PBG and consequently, the Project. In case of deviations in the formats of the Bank Guarantees, the corresponding PPA shall not be signed.

14.5 The selected Bidder for the Project selected based on this RfS is required to sign PPA with the Beneficiary Organization within the timeline as stipulated in Clause 16 of the RfS. In case, the Beneficiary Organization offers to execute the PPA with the Selected Bidder and if the Selected Bidder does not meet eligibility criteria upon submission of documents or does not execute the PPA within the stipulated time period, then the Bank Guarantee equivalent to the amount of the EMD shall be encashed by JAKEDA from the Bank

Guarantee available with JAKEDA (i.e. EMD) as liquidated damages not amounting to penalty, the selected Project shall stand cancelled and the selected Bidder expressly waives off its rights and objections, if any, in that respect.

14.6 The Bank Guarantees have to be executed on non-judicial stamp paper of appropriate value as per Stamp Act relevant to the place of execution.

14.7 All expenditure towards execution of Bank Guarantees such as stamp duty etc. shall be borne by the Bidders/SPDs.

14.8 In case of Bank Guarantees issued by foreign branch of a Scheduled Commercial Bank, the same is to be endorsed by the Indian branch of the same bank or SBI.

The PBG of SPDs shall be returned to them, after 5 years of successful commissioning of their projects, after taking into account any liquidated damages due to delays in commissioning as per Clause 9 of the RfS.

## **15 Service Charges**

15.1 The Selected Bidder shall not have to pay any Service Charge to JAKEDA.

## **16 Power Purchase Agreement (PPA)**

16.1 The beneficiary Organization shall enter into Power Purchase Agreements (PPAs) with Bidders selected based on this RfS. A copy of standard PPA to be executed between the

16.2 two parties is available on the tendering Portal and also on JAKEDA's website. The PPA shall be signed within 30 days from the date of issue of Letter of Award (LoA), if not extended by JAKEDA/Beneficiary Organization. Subsequent extension in this timeline shall be finalized as mutually agreed by the Beneficiary Organization and the SPD. PPA will be executed between Beneficiary Organization and selected bidder, or its SPV, separately for each Department. The PPA shall be valid for a period of 25 years from date of commissioning of the Project.

Bidder has to make the complete and careful examinations of feasibility of GCRT plant/capacity estimation as per the load study of buildings and respective regulation of net metering before signing of PPA with beneficiary.

16.3 **Capacity identification and confirmation:** Subsequent to issuance of LoAs by JAKEDA, for the first 30 days, only the L1 bidder(s) from each cluster will be allowed to carry out site visits and due diligence of the buildings offered by the Beneficiary Organization, and assess the Project sizing and estimated capacity installation under the cumulative capacity awarded for each Cluster. Within this period, the individual Project size to be setup on each building and the cumulative Project capacity for which PPAs are to be signed, will be finalized by both parties.

Only after the aforementioned period of 30 days is over, Successful bidders other than L1 will be required to carry out site visits and due diligence of the buildings offered by the Beneficiary Organization, and assess the Project sizing and estimated capacity installation under the cumulative capacity awarded for each cluster. Within this period, the

individual Project size to be set up on each building and the cumulative Project capacity for which PPAs are to be signed will be finalized by both parties.

**Capacity transfers:** The transfer of awarded project capacity between beneficiary departments is allowed within 30 days of issuance of LoA or prior to effective of PPA, whichever is earlier. In this regard, the tariff applicable on the transferred capacity will be the lowest tariff for discovered for that respective department involved in this transfer.

Successful bidders will have to submit the required documents, as mentioned down under w.r.t transfer of capacities, to JAKEDA within 30 days from the issue of LoA. In case of delay in submission of documents beyond the period as mentioned above, JAKEDA shall not be liable for delay in verification of documents and subsequent delay in signing of PPA.

The Successful bidder has to submit following original documents to JAKEDA.

- i. Request letter from SPD for capacity transfer
- ii. Consent Letter from /Govt. Beneficiary or signed copy of PPA

#### **16.4 Limits on capacity modification:**

- a. Capacity enhancement is also allowed as per Clause 5.1 with submission of additional revised BG amount as calculated. Such capacity enhancement will require consent from the concerned Department.
- b. All such modifications in the awarded capacity and signing of PPAs are required to be concluded within 45 days from issuance of LoAs, unless extended by the Beneficiary Organization.

16.5 The PPAs shall be valid for a period of 25 years from the date of Project Commissioning, i.e. the Commercial Operation Date, or **COD** of the Project. Any extension of the PPA term beyond this shall be carried out through mutual agreement between the SPD and the Beneficiary Organization.

16.6 The Performance Bank Guarantee as per Clause 14 above, shall be submitted by the SPD prior to signing of PPA. Before signing of PPA, JAKEDA will verify the shareholding of the Project Company along with a copy of complete documentary evidence. If at this stage, it is found that the documents furnished by the SPDs are false/ misleading or misrepresented in any way, then the provisions contained in this RfS will be applicable.

JAKEDA will issue necessary go-ahead for signing of PPA, upon verification of compliance of pre-requisites by the SPD as brought out above. The PBG will be required to be submitted directly to the Beneficiary Organization, and scanned copy of the issued PBG will be submitted to JAKEDA for verification.

16.7 JAKEDA shall facilitate the PPA signing process for the buildings surveyed by the SPD and agreed to by the Host Department.

16.8 In case of two larger clusters having the proposed capacity of 63MW and 70MW, if the bidder quoting the lowest tariff bids only for 15MW, the remaining capacity would be allocated to other bidders, bidding for the same cluster at the L1 rates.

In case the bidder who had quoted for other cluster would also like to execute the project in these two bigger clusters then the said bidder shall have to pay additional PBG of 50% (i.e 1.5 times the applicable PBG).The same would also apply for other clusters.

## ***17 Minimum Paid Up Share Capital to be Held by Project Promoter***

17.1 The Bidder shall provide complete information in their bid in reference to this RfS about its promoters and upon issuance of LoA, the SPD shall indicate its shareholding in the company indicating the controlling shareholding before signing of PPA with concerned Department.

17.2 No change in the controlling shareholding of the Bidding Company or Bidding Consortium shall be permitted from the date of submission of response to RfS till the execution of the PPA. However, in case the Project is being set up by a listed Company, this condition will not be applicable.

Following shall not be considered as change in share holdings as mentioned above:

- i. Infusion of Fresh equity capital amongst the existing share holders/promoters at the time of Bid Submission to meet equity requirements.
- ii. Conversion of CCDs, CCPs etc. already issued to existing shareholders.
- iii. Death, marriage, Divorce, minor attaining major (any legal heir who was minor at the time of signing of PPA), insolvent, insane of existing shareholders.
- iv. Transfer of shares within the members of Immediate Promoter Group only.
- v. Transfer of shares to IEPF.
- vi. Issue of Bonus Shares.

17.3 In case of Project being executed through SPVs: The Selected Bidder executing the project, if being a single company, shall ensure that its shareholding in the SPV/ Project Company executing the PPA, shall not fall below 51% at any time prior to 01 (one) year after the COD. In the event the selected Bidder is a consortium, then the combined shareholding of the consortium members in the SPV/ Project Company executing the PPA, shall not fall below 51% at any time prior to 01 (one) year after COD. However, in case the Project is being set up by a listed Company, this condition will not be applicable.

17.4 In case of the selected Bidder itself executing the PPA, it shall ensure that its promoters shall not cede control (Control shall mean the ownership, directly or indirectly, of more than 50% of the voting shares of such Company or right to appoint majority Directors), till 01 (one) year after the COD. However, in case the Project is being set up by a listed Company, this condition will not be applicable.

17.5 In case of companies having multiple promoters (but none of the shareholders having more than 50% of voting rights and paid up share capital), it shall be considered as a company under joint control. In such cases, the shareholding pattern in the company as submitted at the time of bidding, shall be maintained for a period of 01 (one) year after COD.

17.6 Any change in the shareholding after the expiry of 01 year after COD can be undertaken

under intimation to JAKEDA and the Beneficiary Organization.

## **18 Instructions to Bidders for Structuring of Bid Proposals in Response to RfS**

19.14 Only Courts of UT of J&K shall have exclusive jurisdiction in all matters pertaining to this Rfs.

## **20 Non-Responsive Bid**

The response to RfS submitted by the bidder along with the documents submitted **online** to JAKEDA shall be scrutinized to establish “Responsiveness of the bid”. Each bidder’s response to RfS shall be checked for compliance with the submission requirements set forth in this RfS.

Any of the following conditions shall cause the Bid to be “Non-responsive”:

- (a) Non-submission of the requisite Bid Processing Fee as mentioned in the Bid Information Sheet.
- (b) Response to RfS not received by the due date and time of bid submission.
- (c) Any indication of tariff in any part of response to the RfS, other than in the financial bid.
- (d) In case it is found that the Bidding Company including Ultimate Parent Company/ Parent Company/Affiliate/Group Companies have submitted more than one response to this RfS, then all these bids submitted shall be treated as non-responsive and rejected.

In any of the above cases, the bid shall not be considered for bid opening and evaluation process.

## **21 Method of Submission of Response to RfS by the Bidder**

### **21.1 Documents to be Submitted Offline (in Original)**

The bidder has to submit original of following documents **offline**.

- i. DD/NEFT/RTGS details towards Bid Processing Fee as mentioned in Bid Information Sheet.
- ii. Bank Guarantee/ FDR as EMD as mentioned in the Bid Information Sheet (as per Format 7.3A). One EMD shall be submitted for the cumulative capacity quoted by the Bidder.

**No documents will be accepted in person, on or before the date of bid submission. Bank Guarantee/FDR against EMD needs to be submitted in both online and offline modes.** The bidders will be required to submit the bank guarantee/FDR against EMD and DDs against the bid processing fee, either in person or through post, at the office of JAKEDA until the date as on 2 working days after the closing date of bid submission. The 2-day duration will be counted from the date of bid submission.

**Note:** In all cases, the Bank Guarantee/FDR against EMD along with DDs shall be issued on or before the bid submission deadline. These instruments issued after the expiry of the deadline will be summarily rejected.

The bidding envelope shall contain the following sticker:

**Selection & Empanelment of Solar Power Developers for Setting up of Grid-Connected Rooftop Solar PV Projects on Government buildings of UT of J&K under RESCO Mode**

<i>Cumulative Capacity of the projects applied for</i>	_____MWp
<i>No. of Departments Bid for</i>	
<i>Name of Department Bid for</i>	
<i>RfS Reference No.</i>	JAKEDA/ _____ dated _____
<i>Submitted by</i>	<i>(Enter Full name and address of the Bidder)</i>
<i>Authorized Signatory</i>	<i>(Signature of the Authorized Signatory)</i> <i>(Name of the Authorized Signatory)</i> <i>(Stamp of the Bidder)</i>
<i>Bid Submitted to</i>	<b>Chief Executive Officer, JAMMU &amp; KASHMIR ENERGY DEVELOPMENT AGENCY, JAMMU</b> <b>Email: - <a href="mailto:ceojakeda2@gmail.com">ceojakeda2@gmail.com</a></b>

**21.2 Documents to be Submitted Online**

The bidders shall strictly follow the instructions mentioned in the e- tender document in respective technical bid and financial bid while filling the forms.

**If the Bidder has submitted bid online and fails to submit the DDs against bid processing fee offline within 2 working days from last date of bid submission, then the same shall be treated as incomplete bid and Bid Processing fee submitted shall be encashed.**

All documents of the response to RfS submitted online must be digitally signed and uploaded on the web portal which should contain the following:

**I. Technical Bid**

The Bidder shall upload single technical bid containing scanned copies of the following documents duly signed and stamped on each page by the authorized signatory as mentioned below.

- a. Formats - 7.1, 7.2 (if applicable), 7.3 A/7.3 B, 7.4, 7.5 (if applicable), 7.6, 7.7, 7.8/7.8A as elaborated in Clause 18 of the RfS.
- b. All attachments elaborated in Clause 18 of the RfS, under the sub-clause xi: Attachments, with proper file names.
- c. All supporting documents regarding meeting the eligibility criteria.

- d. Scanned Copies of NEFT/RTGS details towards Bid Processing Fee as mentioned in Bid Information Sheet.

## **II. Financial Bid**

- i. Bidders shall submit the single Financial Bid as per BOQ.

### **b) Bidding Parameter:**

- i. A single levelized tariff as a bidding parameter: Under this RfS, the bidding parameter shall be the tariff quoted by the Bidder i.e., a fixed tariff in Rs. /kWh for the term of the PPA.
- ii. A single tariff to be quoted for each Cluster: A single tariff shall be quoted by the Bidder for a particular cluster. Thus, a single Bidder may quote different tariffs for different clusters under this RfS. The single tariff for an Individual cluster will be applicable on all the buildings falling under the same cluster.
- iii. The above tariff-fixed for the term of the PPA-shall include all costs related to the Scope of Work as per the RfS and Obligations of the SPD under the PPA. The Bidders shall quote for the entire facilities on a “single responsibility” basis such that the tariff covers all the obligations in respect of Survey, Design, Supply, Erection, Testing and Commissioning including Warranty, Operation & Maintenance (25 years), inclusive of all taxes. The fixed tariff should be quoted while accounting for the cost of grid- connectivity and net metering application/ security deposit etc.
- iv. The basic tariff shall remain firm and fixed and shall be binding on the Successful Bidder/SPD for the Term of the PPA irrespective of actual cost of execution of the Project. However, there will be escalation of 7% after every 5 years on the basic Tariff determined through Reverse Auction (RA) after successful commissioning of the project. The SPD shall not be entitled to claim any additional charges, even though it may be necessary to extend the completion period for any reasons whatsoever.  
e.g. Tariff comes out to be Rs 5/- kWh the escalation would be Rs 0.35/- kWh after every 5 years. As such after 5 years the Tariff would be Rs 5.35/- kWh, similarly after 10 years Tariff would be Rs 5.70/- kWh, after 15 years Tariff would be Rs 6.05/- kWh and after 20 Years Tariff would be Rs 6.40/- kWh.
- v. . The fixed tariff shall be inclusive of all duties and taxes, insurance etc. The prices quoted by the firm shall be complete in all respect and no price variation/adjustment shall be payable by the Beneficiary Organization. However, statutory variation of taxes viz GST etc and duties on the income accrued from power generation due to Change in law shall be paid by the Beneficiary Organization.
- vi. Only a single tariff bid for each Department in each cluster, for the cumulative Project capacity quoted by the bidders, shall have to be filled online in the Form provided at the bidding portal. The instructions mentioned in the Financial Bid Form have to be strictly followed without any deviation, else the bid shall be considered as non-responsive.

## **22 *Validity of the Response to RfS***

The Bidder shall submit the response to RfS which shall remain valid up to the date as on 12 months from the last date of bid submission (“Bid Validity”). JAKEDA reserves the right to reject any response to RfS which does not meet the aforementioned validity requirement.

## **23 *Bid Preparation Cost***

The Bidder shall be responsible for all the costs associated with the preparation of the response to RfS and participation in discussions and attending pre-bid meeting(s) etc. JAKEDA shall not be responsible in any way for such costs, regardless of the conduct or outcome of the bid process.

## **24 *Clarifications/ Pre-Bid Meeting/ Enquiries/ Amendments***

24.1 Clarifications/ Doubts, if any, on RfS document may be emailed and/ or through tendering portal.

24.2 JAKEDA will make effort to respond to the same in the Pre-Bid Meeting to be held as mentioned in the Bid Information Sheet. A compiled list of such questionnaire and JAKEDA’s response will be uploaded in the JAKEDA website. If necessary, amendments, clarifications, elaborations shall be issued by JAKEDA which will be notified on JAKEDA web site or tendering portal. No separate reply/intimation will be given for the above, elsewhere.

24.3 A Pre-Bid Meeting shall be held as mentioned in the Bid Information Sheet (Venue to be notified later on JAKEDA’s website).

## **25 *Right of JAKEDA to Reject a Bid***

JAKEDA reserves the right to reject any or all of the responses to RfS or cancel the RfS or annul the bidding process for any project at any stage without assigning any reasons whatsoever and without thereby any liability. In the event of the tender being cancelled at any stage, EMD submitted by the Bidders shall be returned to the respective Bidders (if applicable).

## **26 *Post Award Compliances***

Timely completion of all the milestones i.e. signing of PPA, meeting Conditions Subsequent (PPA), Commissioning etc. will be the sole responsibility of SPD. JAKEDA/Beneficiary Organization shall not be liable for issuing any intimations/ reminders to SPDs for timely completion of milestones and/ or submission of compliance documents.

Any checklist shared with SPD by JAKEDA and/or Beneficiary Organization for compliance of above-mentioned milestones to be considered for the purpose of facilitation only. Any additional documents required as per the conditions of RfS and PPA must be timely submitted by the SPD.

## **SECTION 4. QUALIFICATION REQUIREMENTS FOR BIDDERS**

Short listing of Bidders will be based on the following Criteria:

### **27 *General Eligibility Criteria***

Bidders participating in the RfS will be required to meet the following eligibility criteria (as applicable).

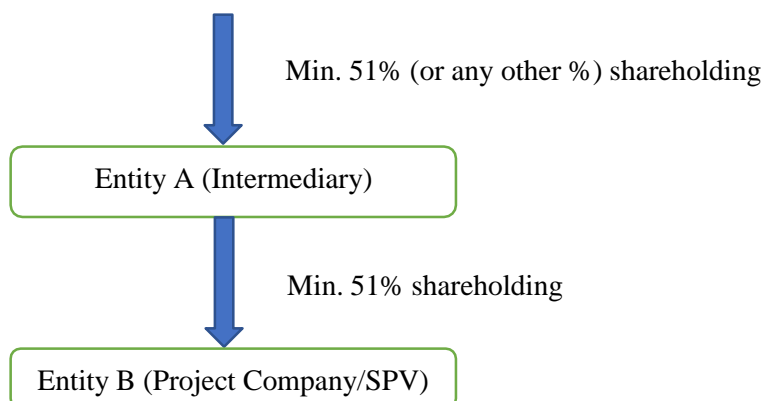

- 27.1 The Bidder shall be a Company or a Limited Liability Partnership as defined.
- 27.2 Bidding Consortium with one of the Companies as the Lead Member. Consortium shortlisted and selected based on this RfS has to necessarily form a Project Company and get it registered under the Companies Act, 2013 prior to signing of PPA, keeping the original shareholding of the Bidding Consortium unchanged. In case applications for multiple Projects have been made by a Consortium, separate Project Companies can be formed for each Project. For the avoidance of doubt, it is hereby clarified that the shareholding pattern of the Project Company shall be the identical to the shareholding pattern of the Consortium as indicated in the Consortium Agreement (Format 7.5).
- 27.3 A foreign company cannot participate on a standalone basis or as a member of consortium under this RfS.
- 27.4 In line with the O.M. issued by the Department of Expenditure, Ministry of Finance, vide No. 6/18/2019-PPD dated 23.07.2020 and subsequent amendments and clarifications thereto, the Bidder shall meet the following criteria for its bid to be considered for evaluation under the RfS:
- i. Any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority (as defined in the OM as referred above).
  - ii. “Bidder” in this reference, means any person or firm or company, including any member of a consortium, every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency branch or office controlled by such person, participating in this tender.
  - iii. “Bidder from a country which shares a land border with India” for the purpose of this clause, means:
    - i. An entity incorporated, established or registered in such a country; or
    - ii. A subsidiary of an entity incorporated, established or registered in such a country; or
    - iii. An entity substantially controlled through entities incorporated, established or registered in such a country; or
    - iv. An entity whose beneficial owner is situated in such a country; or
    - v. An Indian (or other) agent of such an entity; or
    - vi. A natural person who is a citizen of such a country; or
    - vii. A consortium where any member of the consortium falls under any of the above.

- iv. In support of the above, the Bidder shall be required to submit necessary Undertaking, as per Format 7.8/7.8A of the RfS.
  - v. Other provisions of the referred OM dated 23.07.2020, except Sl. 11 of the OM, will also be applicable for this tender. Any interpretation of the above clauses will be made in line with the referred OM, including subsequent amendments and clarifications thereto.
- 27.5 In case of a Limited Liability Partnership (LLP) participating as a Bidder and in case of the LLP being declared as a Successful Bidder, the LLP shall be required to incorporate an SPV, as mentioned in Clause 27.6 below, prior to signing of PPA.
- 27.6 A Bidder which has been selected as Successful Bidder based on this RfS can also execute the Project through a Special Purpose Vehicle (SPV) i.e., a Project Company especially incorporated/acquired as a subsidiary Company of the successful bidder for setting up of the Project, with at least 51% shareholding in the SPV which has to be registered under the Indian Companies Act, 2013, before signing of PPA. Multiple SPVs may also be utilized for executing more than one Project.
- 27.7 Any consortium, if selected as Successful Bidder for the purpose of supply of power to JAKEDA, shall incorporate a Project company with equity participation by the Members inline with consortium agreement (to be submitted along with the response to RfS) before signing of PPA with JAKEDA, i.e. the Project Company incorporated shall have the same shareholding pattern as that indicated in the Consortium Agreement given at the time of submission of response to RfS. This shall not change till the signing of PPA and the Controlling Shareholding (held by the Lead Member holding not less than 51% of the voting rights and paid up share capital) shall not change from submission deadline of response to RfS up to one year after the COD of the Project, except with the prior approval of JAKEDA.
- 27.8 The Bidder or any of its Affiliates should not be a wilful defaulter to any lender, and that there is no major litigation pending or threatened against the Bidder or any of its Affiliates which are of a nature that could cast a doubt on the ability or the suitability of the Bidder to undertake the Project. The Bidder shall submit an undertaking to this effect.
- 27.9 For avoidance of doubt, it is clarified that the fully owned subsidiary Company as mentioned in Clauses 27.3 and 27.6 above should be an immediate subsidiary of the bidder, without any intermediaries involved. The following illustrations are provided to clarify the same:

Scenario 1:

Scenario 2:

**As per provisions of the RfS, only Scenario 1 will be permissible under this RfS.**

## **28 Technical Eligibility Criteria**

28.1 Under this RfS, it is proposed to promote only commercially established and operational technologies to minimize the technology risk and to achieve timely commissioning of the Projects. The Bidder is required to undertake to furnish evidence of meeting the above criteria in line with provisions of the RfS. The undertaking shall be submitted as per enclosed Format 7.8.

**28.2** Detailed technical parameters for Solar PV Projects to be met by SPDs are at **Annexure-B**. The Bidders shall strictly comply with the technical parameters detailed in the Annexure-B. Further, the provisions as contained in the O.M. dated 10.03.2021 issued by MNRE on the subject “Approved Models and Manufacturers of Solar Photovoltaic Modules (Requirement of Compulsory Registration) Order, 2019-Implementation-Reg.” and its subsequent amendments and clarifications issued until the bid submission deadline, shall be applicable for this RfS. The modules used in the Project under this RfS should have been included in the List-I under the above Order or subsequent orders issued by MNRE, valid as on the date of invoicing of such modules. Only Monoperc Half Cut / Monoperc Half Cut Bifacial modules or of higher efficiency technology like Topcon would only be allowed to use. (Both DCR & Non-DCR modules are allowed to be used).

28.3 The Bidder must have experience in Design, Supply, Installation & Commissioning of Grid Connected Solar PV Power Plants of cumulative Capacity **not less than 1 MW** in the last 07 (Seven) Financial Years prior to the bid submission deadline of this RfS.

The Solar PV Power Plants must be commissioned and should be operating satisfactorily for a period not less than 1 year. The last date of bid submission will be the cut-off date for consideration of such experience.

The Bidder shall submit applicable contract(s) and Project commissioning certificate(s) for the respective Project(s) and a certificate from the respective beneficiary(s) certifying satisfactory operation of the plant(s).

## **29 Financial Eligibility Criteria**

### **29.1 Net-Worth**

- i. The Net Worth of the Bidder should be equal to or greater than **INR 50 Lakhs/MW** (Indian Rupees Fifty Lacs per MW) of the quoted capacity, as on the last date of previous Financial Year, i.e., FY 2022-23/2023-24.
- ii. The net worth to be considered for the above purpose will be the cumulative net-worth of the Bidding Company or Consortium, together with the Net Worth of those Affiliates of the Bidder(s) that undertake to contribute the required equity funding and PBG in case the Bidder(s) fail to do so in accordance with the RfS.
- iii. Net Worth to be considered for this clause shall be the total Net Worth as calculated in accordance with the Companies Act, 2013 and any further amendments thereto.

### **29.2 Minimum Average Annual Turnover**

The Bidder shall demonstrate a Minimum Average Annual Turnover (MAAT) of **INR 1.10 Cr./MW** (Indian Rupees One Crore Ten Lakhs per MW) of the quoted capacity during the last three financial years, i.e. 2021-22, 2022-23 and 2023-24. It is hereby clarified that "Other Income" as indicated in the annual accounts of the Bidder shall not be considered for arriving at the annual turnover.

### **29.3 Liquidity**

The Bidder shall demonstrate Working Capital or Line of Credit for the last Financial Year, 2023-24, for a minimum amount of **Rs. 1.00 Cr./MW** (Indian Rupees One Crore per MW) of the quoted capacity.

29.4 The Bidder may seek qualification on the basis of financial capability of its Affiliate(s) for the purpose of meeting the qualification requirements as per Clauses 29.1, 29.2 and 29.3 above. In case of the Bidder being a Bidding Consortium, any Member may seek qualification on the basis of financial capability of its Affiliate. In this case, a Bidder can use the credential of only a single affiliate to meet all the financial eligibility criteria. In such cases, the Bidder shall be required to submit Board Resolutions from the respective Affiliate, undertaking to contribute the required equity funding and Performance Bank Guarantees in case the Bidder(s) fail to do so in accordance with the RfS. In case of non-availability of the Board Resolution as required above, a letter from the CEO/ Managing

Director of the respective Affiliate, undertaking the above, shall be required to be submitted and the requisite Board Resolution from the Affiliate shall be required to be submitted prior to signing of PPA.

29.5 For the purposes of meeting financial requirements, only latest unconsolidated audited annual accounts shall be used. However, audited consolidated annual accounts of the Bidder may be used for the purpose of financial requirements provided the Bidder has at least twenty six percent (26%) equity in each Company whose accounts are merged in the audited consolidated account.

29.6 A Company/Consortium would be required to submit annual audited accounts for the last FY, 2022-23/2023-24, or as on the day at least 7 days prior to the bid submission deadline, along with net worth, annual turnover, working capital certificate (if applicable) from a practicing Chartered Accountant/Statutory Auditor to demonstrate fulfillment of the criteria.

Note: In case of bidder seeking eligibility using credential of foreign Parent/Ultimate Parent/Affiliate entity, in the event the Bidder is unable to furnish the audited annual accounts for the previous financial year as per the prevalent norm in the respective country, the Bidder shall submit the annual audited accounts of the last financial year for which the audited accounts are available. This, however, would be acceptable, subject to the condition that the last date of response to this RfS falls on or within the deadline for completion of audit of annual accounts of companies, as stipulated by the laws/rules of the respective country, and the Bidder shall submit the corresponding documentary evidence against the same. In case the annual accounts or provisional accounts as on the day at least 7 days prior to the bid submission deadline, are submitted in a language other than English, a certified English translation from an approved translator shall be required to be submitted by the Bidder.

29.7 For meeting the above financial eligibility criteria, if the data is provided by the Bidder in a foreign currency, equivalent Indian Rupees of Net Worth and other financial parameters will be calculated by the Bidder using Reserve Bank of India's reference rates prevailing on the date of closing of the accounts for the respective financial year. In case of any currency for which RBI reference rate is not available, Bidders shall convert such currency into USD as per the exchange rates certified by their banker prevailing on the relevant date and used for such conversion. After such conversion, Bidder shall follow the procedure/ submit document as elaborated in Clause 29.6 above.

29.8 In case the response to RfS is submitted by a Consortium, then the financial eligibility requirement to be met by each Member of the Consortium shall be computed in proportion to the equity commitment made by each member in the Project Company. For example, if two companies A and B form a Consortium with equity participation in 70:30 ratio and submit their bid for a capacity of 10 MW, then, total Net-Worth to be met by the Consortium is Rs. 50 Lakhs x 10 MW = Rs. 5 Crores. Minimum requirement of Net-Worth to be met by Member A would be Rs. 3.5 Crores and the one to be met by Member B would be Rs. 1.5 Crores. Similar methodology shall be followed for computation of other requirements.

29.9 **Note:** Wherever applicable, audited accounts for the last FY, 2023-24 will be required to be submitted for meeting the qualification requirements. In case the audited annual accounts of FY 2023-24 are not available, then, audited annual accounts of FY 2020-21 can be considered. In such case, computation of MAAT shall include FY 2020-21 too.

## **SECTION 5. BID EVALUATION AND SELECTION OF PROJECTS**

### **30 *Bid Evaluation***

Bid evaluation will be carried out considering the information furnished by Bidders as per provisions of this RfS. The detailed evaluation procedure and selection of bidders are described in subsequent clauses in this Section.

### **31 *Techno-Commercial Evaluation of Bidders (Step 1)***

- 31.1 Bid opening (online) will be done only after the deadline for submission of documents on the tendering portal.
- 31.2 Documents (as mentioned in the previous clause) received after the bid submission deadline as specified by JAKEDA, shall be rejected and returned unopened, if superscribed properly with address, to the bidder.
- 31.3 Subject to Clause 20 of the RfS, JAKEDA will examine all the documents submitted by the Bidders and ascertain meeting of eligibility conditions prescribed in the RfS. During the examination of the bids, JAKEDA may seek clarifications/additional documents to the documents submitted etc. from the Bidders if required to satisfy themselves for meeting the eligibility conditions by the Bidders. Bidders shall be required to respond to any clarifications/additional documents sought by JAKEDA within 07 (seven) days from the date of such intimation from JAKEDA. All correspondence in this regard shall be made through email only. It shall be the responsibility of the Bidder to ensure that the email id of the authorized signatory of the Bidder is functional. The Bidder may provide an additional email id of the authorized signatory in the covering letter. No reminders in this case shall be sent. It shall be the sole responsibility of the Bidders to remove all the discrepancies and furnish additional documents as requested. JAKEDA shall not be responsible for rejection of any bid on account of the above.
- 31.4 The response to RfS submitted by the Bidder shall be scrutinized to establish Techno- Commercial eligibility as per the RfS.
- 31.5 As per clause 5.1, A Bidder, including its Parent, Affiliate or Ultimate Parent or any Group Company shall submit a single/separate bid for each cluster. For Clusters 'A-J' to 'E-J' and Clusters 'A-K' to 'E-K', the bidder must quote for at least 50% of the tentative projected capacity as indicated in the table given at clause 6.2. However, in respect of two large clusters (Cluster 'F-J' and Cluster 'F-K'), the bidder shall at least bid for a minimum capacity of 15MW. The maximum capacity for which a bidder shall quote for a cluster shall be up to the tentative projected capacity of that particular cluster. The individual size of the projects shall range from 20 kW to 500 kW only.

## 32 *Financial Bid Evaluation (Step 2)*

- 32.1 In this step evaluations of Techno-Commercially Qualified Bids shall be done based on the “Tariff”, quoted by the Bidder in the Form of Financial Bid followed by Reverse Auction.
- 32.2 For each Cluster the Bidder including its Parent, Affiliate or Ultimate Parent or any Group Company will have to submit a single bid (single application) quoting a single tariff in Indian Rupee per kWh for all the Projects applied for. **The tariff has to be quoted in Indian Rupee per kWh up to two places of decimal only.** If it is quoted with more than two digits after decimal, digits after first two decimal places shall be ignored. (For e.g. if the quoted tariff is INR 3.337, then it shall be considered as INR 3.33).
- 32.3 In this step, evaluation will be carried out for the cumulative Project capacity, separately for each cluster within the maximum capacities as mentioned earlier, based on the tariffs quoted by Bidders.
- 32.4 On completion of Techno-Commercial bid evaluation, if it is found that for each Cluster, only one or two Bidder(s) is/are eligible for the next stage, opening of the financial bid of the Bidder(s) will be at the discretion of JAKEDA. Thereafter, JAKEDA will take appropriate action as deemed fit.
- 32.5 For each Cluster based on the tariff finalized through Reverse Auction (RA), JAKEDA shall arrange the bids in the ascending order i.e., L1, L2, L3, etc. (L1 being the lowest quoted tariff after Reverse Auction). In case there is no or less response for any cluster the same would be offered to all other bidders as per the clause 16.8.

## 33 *L-1 Matching and Selection of Successful Bidders*

- 33.1 For each Cluster, the Bidder quoting the lowest tariff (L1 tariff) after Reverse auction will be identified and would be declared as successful lowest bidder.
- 33.2 For each Cluster, the Bidders other than the L1 Bidder(s) will be given a period of 7 days to match the L1 tariff. In case a Bidder wishes to match the L1 tariff, such matching shall be communicated to JAKEDA only through email. The 7-day period shall commence from the date on which the L1 tariff is intimated to all the eligible Bidders (through email), and will culminate at 11:59:59 PM of the 7<sup>th</sup> day after such intimation by JAKEDA. Any communication after the expiry of the above deadline will not be entertained, and decision taken by JAKEDA in this regard shall be final and binding on all parties.

**Note: Matching of the L1 Tariff does not guarantee the allotment of the capacity quoted by the Bidder. The capacity allocation will be done based on the price quoted by the Bidders in their financial bid as elaborated in Clause 37.3 below.**

- 33.3 For each Cluster, the remaining capacity (if any) subsequent to allocation of the capacity as per Clause 33.1, the ranking of the bidders as per Clause 32.7, shall be

identified based on the Bidders matching of L1 tariff in line with Clause 33.2. In other words, the Bidders (L2 onwards as per Clause 32.7) matching the L1 Tariff shall be arranged in ascending order of the price quoted by them during Reverse Auction process.

- 33.4 For each Cluster, Successful Bidders, other than the L1 bidder, shall be those Bidders (L2 onwards in line with ranking done as per Clause 33.3) who are eligible for allotment of remaining capacity (if any, pursuant to allocation as per Clause 33.1) till the total capacity to be allocated in that particular Cluster is exhausted.

### **34 Issuance of LOAs**

At the end of selection process, Letters of Award (LoAs) will be issued to the Successful Bidders identified as per the provisions of Clause 33.

In case of a Consortium being selected as the successful Bidder, the LoA shall be issued to the Lead Member of the Consortium.

Each Successful Bidder shall acknowledge the LoA and return duplicate copy with signature of the authorized signatory of the Successful Bidder to JAKEDA within 07 (Seven) days of issue of LoA, failing which it will be deemed to have been accepted by the Bidder.

If the Successful Bidder, to whom the LoA has been issued does not fulfil any of the conditions specified in Bid document, then JAKEDA reserves the right to annul/cancel the award of the Letter of Award of such Successful Bidder.

In all cases, JAKEDA's decision regarding selection of Bidder based on tariff or annulment of tender process shall be final and binding on all participating bidders.

### **35 Inspection and Audit by the Government**

The Successful bidder shall permit JAKEDA to inspect the Successful bidder's site, accounts and records relating to the performance of the SPD and to have them audited by auditors appointed by the JAKEDA, if so, required by the JAKEDA any time.

### **36 Department from Participating in JAKEDA's Future Tenders**

36.1 JAKEDA reserves the right to carry out the performance review of each Bidder/SPD from the time of submission of Bid. In case it is observed that a bidder/SPD has not fulfilled its obligations in meeting the various timelines envisaged, in addition to the other provisions of the RfS, such Bidders may be debarred from participating in JAKEDA's any future tender for a period as decided by the competent authority of JAKEDA.

36.2 Any Projects which are already installed or commissioned before the issuance of LoA shall be construed as fraudulent activity in which case Successful bidder(s)/SPD may be debarred from participating in JAKEDA's future tenders for a period as decided by the competent authority of JAKEDA. However, such locations, where there are already installed or commissioned Projects, may be used for installation of additional capacity with the prior approval of JAKEDA and the concerned Department.

## **SECTION 6. DEFINITIONS OF TERMS**

*37 Following terms used in the documents will carry the meaning and interpretations as described below:*

- 37.1 **"ACT" or "ELECTRICITY ACT, 2003"** shall mean the Electricity Act, 2003 and include any modifications, amendments and substitution from time to time.
- 37.2 **"AFFILIATE"** shall mean a company that, directly or indirectly,
- i. controls, or
  - ii. is controlled by, or
  - iii. is under common control with, a company developing a Project or a Member in a Consortium developing the Project and control means ownership, directly or indirectly, of more than 50% (fifty percent) of the voting shares of such company or right to appoint majority Directors.

Sub: Response to RfS No. .... dated ..... for ..... (Insert title of the RfS)

Dear Sir/ Madam,

We, the undersigned [Insert name of the 'Bidder'] having read, examined and understood in detail the RfS including Qualification Requirements in particular, terms and conditions of the standard PPA for supply of power for the Term of the PPA to Beneficiary Organization, hereby submit our response to RfS.

We confirm that in response to the aforesaid RfS, neither we nor any of our Ultimate Parent Company/ Parent Company/ Affiliate/ Group Company has submitted response to RfS other than this response to RfS, directly or indirectly, in response to the aforesaid RfS (as mentioned in Format 7.8 under Disclosure) **OR** We confirm that in the response to the aforesaid RfS, we have a Group Company who owns more than 10% but less than 26% in the bidding company as well as other companies who may participate in this RfS, and accordingly, we have submitted requisite undertaking as per Format 7.8A in this regard {strike out whichever not applicable}.

We also confirm that we including our Ultimate Parent Company/ Parent Company/ Affiliate/ Group Companies directly or indirectly have not submitted response to RfS for more than cumulative capacity of 175 MW, including this response to RfS.

We are submitting RfS for the development of following Project(s): -

Name of the Cluster	Cumulative Project Capacity(MW) proposed to be executed by the Bidder.

1. We give our unconditional acceptance to the RfS, dated.....[Insert date in dd/mm/yyyy] and standard PPA document attached thereto, issued by JAKEDA. In token of our acceptance to the RfS and PPA along with the amendments and clarifications issued by JAKEDA, the same have been digitally signed by us and enclosed with the response to RfS. We shall ensure that the PPA is executed as per the provisions of the RfS and provisions of PPA and shall be binding on us. Further, we confirm that the Project shall be commissioned within the deadline as per Clause 9 of the RfS.

2. Earnest Money Deposit (EMD): - (Please read Clause 13 carefully before filling)

We have enclosed EMD of INR ..... (Insert Amount), in the form of Bank Guarantee/FDR no. .... [Insert bank guarantee/FDR number] dated ..... [Insert date of bank guarantee/FDR] as per Format 7.3A/7.3B from ..... [Insert name of bank providing bank guarantee/FDR] and valid up to... in terms of Clause 15 of this

RfS. The total Project capacity offered by us is ..... MW [Insert cumulative capacity proposed]. (Strike off whichever is not applicable)

3. We hereby declare that in the event our Project capacity get selected and we are not able to submit Bank Guarantee of the requisite value(s) towards PBG, Service charges for the selected Project capacity, within due time as mentioned in Clauses 13 & 14 of this RfS and/or we are not able to sign PPA with the Beneficiary Organization within the timeline as stipulated in the RfS for the selected Projects, JAKEDA shall have the right to encash the EMD/PBG submitted by us and return the balance amount (if any) for the value of EMD pertaining to unsuccessful capacity.

4. We have submitted our response to RfS strictly as per Section 7 (Sample Forms and Formats) of this RfS, without any deviations, conditions and without mentioning any assumptions or notes in the said Formats.

5. Acceptance: -  
We hereby unconditionally and irrevocably agree and accept that the decision made by JAKEDA in respect of any matter regarding or arising out of the RfS shall be binding on us. We hereby expressly waive and withdraw any deviations and all claims in respect of this process.  
  
We also unconditionally and irrevocably agree and accept that the decision made by JAKEDA in respect of award of Projects in line with the provisions of the RfS, shall be binding on us.
6. Familiarity with Relevant Indian Laws & Regulations: -  
We confirm that we have studied the provisions of the relevant Indian Laws and Regulations as required to enable us to submit this response to RfS and execute the PPA with the Beneficiary Organization, in the event of our selection as Successful Bidder.
7. In case of our selection as the Successful Bidder under the scheme and the project being executed by a Special Purpose Vehicle (SPV) incorporated by us which shall be our subsidiary, we shall infuse necessary equity to the requirements of RfS. Further we will submit a Board Resolution prior to signing of PPA with JAKEDA, committing total equity infusion in the SPV as per the provisions of RfS.
8. We are submitting our response to the RfS with formats duly signed as desired by you in the RfS online for your consideration.
9. It is confirmed that our response to the RfS is consistent with all the requirements of submission as stated in the RfS, including all clarifications and amendments and subsequent communications from JAKEDA.
10. The information submitted in our response to the RfS is correct to the best of our knowledge and understanding. We would be solely responsible for any errors or omissions in our response to the RfS.

WHEREAS, each Member individually shall be referred to as the “Member” and all of the Members shall be collectively referred to as the “Members” in this Agreement.

WHEREAS Beneficiary Organization desires to purchase Power under RfS for \_\_\_\_\_ (insert title of the RfS);

WHEREAS, JAKEDA had invited response to RfS vide its Request for Selection (RfS) dated \_\_\_\_\_

WHEREAS the RfS stipulates that in case response to RfS is being submitted by a Bidding Consortium, the Members of the Consortium will have to submit a legally enforceable Consortium Agreement in a format specified by JAKEDA wherein the Consortium Members have to commit equity investment of a specific percentage for the Project.

NOW THEREFORE, THIS AGREEMENT WITNESSTH AS UNDER:

In consideration of the above premises and agreements all the Members in this Bidding Consortium do hereby mutually agree as follows:

1. We, the Members of the Consortium and Members to the Agreement do hereby unequivocally agree that Member-1 (M/s \_\_\_\_\_), shall act as the Lead Member as defined in the RfS for self and agent for and on behalf of Member-2, , Member-n and to submit the response to the RfS.

2. The Lead Member is hereby authorized by the Members of the Consortium and Members to the Agreement to bind the Consortium and receive instructions for and on their behalf.
3. Notwithstanding anything contrary contained in this Agreement, the Lead Member shall always be liable for the equity investment obligations of all the Consortium Members i.e. for both its own liability as well as the liability of other Members.
4. The Lead Member shall be liable and responsible for ensuring the individual and collective commitment of each of the Members of the Consortium in discharging all of their respective equity obligations. Each Member further undertakes to be individually liable for the performance of its part of the obligations without in any way limiting the scope of collective liability envisaged in this Agreement.
5. Subject to the terms of this Agreement, the share of each Member of the Consortium in the issued equity share capital of the Project Company is/shall be in the following proportion:

<b>Name</b>	<b>Percentage</b>
Member 1	---
Member 2	---
Member n	---
<b>Total</b>	100%

We acknowledge that after the execution of PPA, the controlling shareholding (having not less than 51% of the voting rights and paid up share capital) in the Project Company developing the Project shall be maintained for a period of 01 (one) year after COD.

6. In case of any breach of any equity investment commitment by any of the Consortium Members, the Lead Member shall be liable for the consequences thereof.
7. Except as specified in the Agreement, it is agreed that sharing of responsibilities as aforesaid and equity investment obligations thereto shall not in any way be a limitation of responsibility of the Lead Member under these presents.
8. It is further specifically agreed that the financial liability for equity contribution of the Lead Member shall not be limited in any way so as to restrict or limit its liabilities. The Lead Member shall be liable irrespective of its scope of work or financial commitments.
9. This Agreement shall be construed and interpreted in accordance with the Laws of India and courts at New Delhi alone shall have the exclusive jurisdiction in all matters relating thereto and arising thereunder.
10. It is hereby further agreed that in case of being selected as the Successful Bidder, the Members do hereby agree that they shall furnish the Performance Guarantee in favour

of Beneficiary Organization in terms of the RfS.

- 11. It is further expressly agreed that the Agreement shall be irrevocable and shall form an integral part of the Power Purchase Agreement (PPA) and shall remain valid until the expiration or early termination of the PPA in terms thereof, unless expressly agreed to the contrary by JAKEDA.
- 12. The Lead Member is authorized and shall be fully responsible for the accuracy and veracity of the representations and information submitted by the Members respectively from time to time in the response to RfS.
- 13. It is hereby expressly understood between the Members that no Member at any given point of time, may assign or delegate its rights, duties or obligations under the PPA except with prior written consent of JAKEDA.
- 14. This Agreement
  - a) has been duly executed and delivered on behalf of each Member hereto and constitutes the legal, valid, binding and enforceable obligation of each such Member;
  - b) sets forth the entire understanding of the Members hereto with respect to the subject matter hereof; and
  - c) may not be amended or modified except in writing signed by each of the Members and with prior written consent of JAKEDA.
- 15. All the terms used in capitals in this Agreement but not defined herein shall have the meaning as per the RfS and PPA.

IN WITNESS WHEREOF, the Members have, through their authorized representatives, executed these present on the Day, Month and Year first mentioned above.

We hereby declare and confirm that only we are participating in the RfS Selection process for the RfS No. \_\_\_\_\_ dated \_\_ and that our Parent, Affiliate or Ultimate Parent or any Group Company with which we have direct or indirect relationship are not separately participating in this selection process.

We further declare that the above statement is true & correct. We undertake that if at any stage it is found to be incorrect, in addition to actions applicable under the RfS/PPA including but not limited to cancellation of our response to this RfS and LoA/PPA as applicable, we, i.e. M/s \_\_\_\_\_ (enter name of the bidding company/member in a consortium), including our Parent, Ultimate Parent, and our Affiliates shall be suspended/debarred from participating in any of the upcoming tenders issued by JAKEDA for a period of 2 years from the date of default as notified by JAKEDA.

We also understand that the above is in addition to the penal consequences that may follow from the relevant laws for the time being in force.

We further declare that we have read the provisions of Clause 28.2 of the RfS, and are complying with the requirements as per the referred OM dated 23.07.2020 except Sl.11 of the OM, including subsequent amendments and clarifications thereto. Accordingly, we are also enclosing necessary certificates (Annexure to this format) in support of the above compliance under the RfS. We understand that in case of us being selected under this RfS, any of the above certificates is found false, JAKEDA shall take appropriate action as deemed necessary.

We further declare that we are fully aware of the binding provisions of the ALMM Order and the Lists(s) thereunder, while quoting the tariff in RfS for\_(Enter the name of the RfS).

We further understand that the List-I (Solar PV Modules) of ALMM Order, Annexure-I of the OM, issued by MNRE on 10th March, 2021 will be updated by MNRE from time to time. We also understand that the Modules to be procured for this project, shall be from the List-I of the ALMM Order applicable on the date of invoicing of such modules.

We also further understand and accept that we shall be liable for penal action, including but not limited to blacklisting and invocation of Performance Bank Guarantee, if we are found not complying with the provisions of ALMM Order, including those mentioned above.

Dear Sir/ Madam,

I/ We, *(Insert Name of the Bidder)* enclose herewith the Financial

Proposal for selection of my/ firm for a cumulative capacity of \_\_\_\_\_ MW in as Bidder for the above.

I/We have applied for Projects to be set up in Departments *(insert Department nos.)* under this RfS.

I/We agree that this offer shall remain valid for a period upto the date as on 12 months from the due date of submission of the response to RfS and such further period as may be mutually agreed upon.

I/We further agree that in case we are declared as a Successful Bidder under this RfS, we will be empaneled by JAKEDA for undertaking additional Project capacity outside this RfS, at the tariffat which we have been empaneled by JAKEDA.

Dated the \_\_\_\_\_ day of \_\_\_\_\_, 20....

Thanking you,

We remain,

Yours faithfully,

Power of Attorney/ Board Resolution/ Declaration.

**Notes:**

1. *For each Department, there can be only one tariff for the cumulative Project capacity applied for by the Bidder. If the bidder quotes two tariffs or combination thereof for the projects for a single Department, then the bid shall be considered as non-responsive.*
2. *If the bidder submits the financial bid in the Electronic Form at ETS portal not in line with the instructions mentioned therein, then the bid shall be considered as non-responsive.*
3. *Tariff requirement shall be quoted as a fixed amount in Indian Rupees only. Conditional proposal shall be summarily rejected.*
4. *In the event of any discrepancy between the values entered in figures and in words, the values entered in words shall be considered.*
5. *Tariff should be in Indian Rupee up to two decimal places only.*
6. *If the Bidder submits the financial bid containing tariff higher than the limits prescribed at Clause 32.4 for a particular Department, the bid shall be summarily rejected.*

## **SECTION 8. EMPANELMENT OF SUCCESSFUL BIDDERS BY JAKEDA**

### **38 *Empanelment of Successful Bidders***

- 38.1 Apart from selection of Successful Bidders for setting up Grid-connected RTSPV Projects on Buildings under the J&K UT Government, this tender also intends to empanel the successful bidders, to enable other Government organizations/institutions to obtain necessary information about the successful bidders and offer their respective buildings/locations for setting up RTSPV Projects.
- 38.2 The empanelment portal will be launched in due course, and Successful Bidders will be empaneled at L1 tariffs for the respective Departments, for a period of 1 year from the date of empanelment by JAKEDA.
- 38.3 The portal will serve as a mapping mechanism for the SPDs and different Beneficiary Organizations seeking to set up RTSPV Projects at their premises. Through a transparent and fair mapping mechanism as described below, the SPDs (“vendors”) will be able to choose the buildings/locations of their choice and proceed for project installation.

### **39 *Mapping Mechanism***

- 39.1 On this portal, any Beneficiary Organization willing to engage vendors from JAKEDA’s panel may register its request on the portal. This request will be submitted in specific format prepared by JAKEDA to capture a detailed list of building/locations identified by the respective organization.
- 39.2 Upon registering the request on the portal, an automatic alert will be triggered to the vendors empaneled by JAKEDA, who can view the above request directly on the portal.
- 39.3 The successful vendors will be provided the location/buildings from the list of buildings of each cluster available with JAKEDA, In respect of each Cluster, in case more than one vendors are empaneled for solarization of the buildings, the list of buildings shall be divided proportionately between the vendors as per discretion of the JAKEDA (preferably district wise). The vendor(s) will carry out physical survey of the buildings and finalize the capacity of each building keeping in view the available rooftop area, sanctioned load and energy consumption of the respective buildings in consultation with the beneficiary organization. The vendor will be required to submit the letter from the beneficiary organization for confirmation of selected buildings within 30 days, failing which the selected buildings shall be transferred to the other empaneled vendors within their quoted capacity limits.
- 39.4 Illustration:
- Assuming the list of 5 bidders A, B, C, D, and E
  - An organization publishes list of 50 buildings at different location on the website.
  - Message will be triggered to all 5 bidders instantly
  - Vendor A chooses 15 buildings from above list of 50 earlier than the remaining 4

vendors

- In that case, those 15 buildings will not be available for selection for other 4 vendors for the next 30 days
- The remaining 4 vendors will have to choose from remaining 35 buildings
- The process will continue without any deadline; thus, a single vendor will be mapped to location(s) of his own choice.
- If the vendor surrenders the certain or all locations/buildings, then the surrendered locations/buildings shall be reflected back on the portal and the message for the same will be triggered to all the empaneled vendors.

39.5 **Note:** The vendor will be allowed to surrender its selected locations/buildings for a maximum three times in the empanelment period. In case the vendor surrenders its selected buildings/locations for the 4<sup>th</sup> time, its empanelment will be cancelled by JAKEDA for the remaining empanelment period. This rule will also be applicable in case the bidder surrenders more than 50% of the number of locations/building it freezes initially.

**TECHNICAL PARAMETER OF PV MODULE AND VARIOUS OTHER COMPONENTS  
FOR USE IN GRID CONNECTED SOLAR POWER PLANTS**

**The proposed projects shall be commissioned as per the technical specifications given below. Any shortcomings will lead to cancelation of commissioning in full or part as decided by JAKEDA.**

**1 DEFINITION**

A Grid Tied Solar Rooftop Photo Voltaic (SPV) power plant consists of SPV array, Module Mounting Structure, Power Conditioning Unit (PCU) consisting of Maximum Power Point Tracker (MPPT), Inverter, and Controls & Protections, interconnect cables, Junction boxes, Distribution boxes and switches. PV Array is mounted on a suitable structure. Grid tied SPV system is without battery and should be designed with necessary features to supplement the grid power during day time. Components and parts used in the SPV power plants including the PV modules, metallic structures, cables, junction box, switches, PCUs etc., should conform to the BIS or IEC or international specifications, wherever such specifications are available and applicable. Solar PV system shall consist of following equipments/components. Solar PV modules consisting of required number of **Crystalline** PV cells.

- Grid interactive Power Conditioning Unit with Remote Monitoring System
- Mounting structures
- Junction Boxes.
- Earthing and lightening protections.
- IR/UV protected PVC Cables, pipes and accessories

**1.1 SOLAR PHOTOVOLTAIC MODULES:**

1.1.1 The PV modules used must qualify to the latest edition of IEC PV module qualification test or equivalent BIS standards Crystalline Silicon Solar Cell Modules IEC 61215/IS14286. In addition, the modules must conform to IEC 61730 Part-1 - requirements for construction & Part 2 - requirements for testing, for safety qualification or equivalent IS.

- a) For the PV modules to be used in a highly corrosive atmosphere throughout their lifetime, they must qualify to IEC 61701.
- b) The total solar PV array capacity should not be less than allocated capacity (kWp) and should comprise of solar Mono crystalline modules of minimum 500 Wp and above wattage. Module capacity less than minimum 500 watts shall not be accepted.
- c) Protective devices against surges at the PV module shall be provided. Low voltage drop bypass diodes shall be provided.
- d) PV modules must be tested and approved by one of the IEC authorized test centres.
- e) The module frame shall be made of corrosion resistant materials, preferably having anodized aluminium.
- f) The bidder shall carefully design & accommodate requisite numbers of the modules to

achieve the rated power in his bid. JAKEDA/owners shall allow only minor changes at the time of execution.

- g) Other general requirement for the PV modules and subsystems shall be the Following:
  - I. The rated output power of any supplied module shall have tolerance within +/- 3%.
  - II. The peak-power point voltage and the peak-power point current of any supplied module and/or any module string (series connected modules) shall not vary by more than 2 (two) per cent from the respective arithmetic means for all modules and/or for all module strings, as the case may be.
  - III. The module shall be provided with a junction box with either provision of external screw terminal connection or sealed type and with arrangement for provision of by-pass diode. The box shall have hinged, weather proof lid with captive screws and cable gland entry points or may be of sealed type and IP-65 rated.
  - IV. I-V curves at STC should be provided by bidder.

### **Solar PV modules**

Plants installed in high dust geographies like Rajasthan and Gujarat must have the solar modules tested with relevant dust standards (Applicable standard would be IEC 60068-2-68).

1.1.2 Modules deployed must use a RF identification tag. The following information must be mentioned in the RFID used on each modules. This should be inside the laminate only.

- a) Name of the manufacturer of the PV module
- b) Name of the manufacturer of Solar Cells.
- c) Month & year of the manufacture (separate for solar cells and modules)
- d) Country of origin (separately for solar cells and module)
- e) I-V curve for the module Wattage,  $I_m$ ,  $V_m$  and FF for the module
- f) Unique Serial No and Model No of the module
- g) Date and year of obtaining IEC PV module qualification certificate.
- h) Name of the test lab issuing IEC certificate.
- i) Other relevant information on traceability of solar cells and module as per ISO 9001 and ISO 14001

### **1.1.3 Warranties:**

- a) Material Warranty:
  - i. Material Warranty is defined as: The manufacturer should warrant the Solar Module(s) to be free from the defects and/or failures specified below for a period not less than five (05) years from the date of sale to the original customer ("Customer")
  - ii. Defects and/or failures due to manufacturing
  - iii. Defects and/or failures due to quality of materials
  - iv. Non conformity to specifications due to faulty manufacturing and/or inspection processes. If the solar Module(s) fails to conform to this warranty, the manufacturer will repair or replace the solar module(s), at the Owners sole option
- b) Performance Warranty:
  - i. The predicted electrical degradation of power generated not exceeding 20% of the minimum rated power over the 25 year period and not more than 10% after ten years period of the full rated original output.

## 1.2 ARRAY STRUCTURE

- a) Hot dip galvanized MS mounting structures may be used for mounting the modules/ panels/arrays. Each structure should have angle of inclination as per the site conditions to take maximum insolation. However, to accommodate more capacity the angle inclination may be reduced until the plant meets the specified performance ratio requirements.
- b) The Mounting structure shall be so designed to withstand the speed for the wind zone of the location where a PV system is proposed to be installed (like Delhi-wind speed of 150 km/ hour). It may be ensured that the design has been certified by a recognized Lab/ Institution in this regard and submit wind loading calculation sheet to JAKEDA. Suitable fastening arrangement such as grouting and calming should be provided to secure the installation against the specific wind speed.
- c) The mounting structure steel shall be as per latest IS 2062: 1992 and galvanization of the mounting structure shall be in compliance of latest IS 4759.
- d) Structural material shall be corrosion resistant and electrolytically compatible with the materials used in the module frame, its fasteners, nuts and bolts. **Aluminium structures also can be used which can withstand the wind speed of respective wind zone.** Protection towards rusting need to be provided either by coating or anodization.
- e) Aluminium frames should be avoided for installations in coastal areas.
- f) The fasteners used should be made up of stainless steel. The structures shall be designed to allow easy replacement of any module. The array structure shall be so designed that it will occupy minimum space without sacrificing the output from the SPV panels
- g) Regarding civil structures the bidder need to take care of the load bearing capacity of the roof and need arrange suitable structures based on the quality of roof.
- h) The total load of the structure (when installed with PV modules) on the terrace should be less than 60 kg/m<sup>2</sup>.
- i) The minimum clearance of the structure from the roof level should be 300 mm.
- j) Ballast type structures can be used only for plants for capacity more than 40 kWp.

## 1.3 JUNCTION BOXES (JBs)

- a) The junction boxes are to be provided in the PV array for termination of connecting cables. The J. Boxes (JBs) shall be made of GRP/FRP/Powder Coated Aluminium /cast aluminium alloy with full dust, water & vermin proof arrangement. All wires/cables must be terminated

through cable lugs. The JB's shall be such that input & output termination can be made through suitable cable glands.

- b) Copper bus bars/terminal blocks housed in the junction box with suitable termination threads conforming to IP65 standard and IEC 62208 Hinged door with EPDM rubber gasket to prevent water entry. Single / double compression cable glands. Provision of earthing. It should be placed at 5 feet height or above for ease of accessibility.
- c) Each Junction Box shall have High quality Suitable capacity Metal Oxide Varistors (MOVs) / SPDs, suitable Reverse Blocking Diodes. The Junction Boxes shall have suitable arrangement monitoring and disconnection for each of the groups.
- d) Suitable markings shall be provided on the bus bar for easy identification and the cable ferrules must be fitted at the cable termination points for identification.
- e) All fuses shall have DIN rail mountable fuse holders and shall be housed in thermoplastic IP 65 enclosures with transparent covers.

#### **1.4 DC DISTRIBUTION BOARD:**

- a) DC Distribution panel to receive the DC output from the array field.
- b) DC DPBs shall have sheet from enclosure of dust & vermin proof conform to IP 65 protection. The bus bars are made of copper of desired size. Suitable capacity MCBs/MCCB shall be provided for controlling the DC power output to the PCU along with necessary surge arrestors.

#### **1.5 AC DISTRIBUTION PANEL BOARD:**

- a) AC Distribution Panel Board (DPB) shall control the AC power from PCU/ inverter, and should have necessary surge arrestors. Interconnection from ACDB to mains at LT Bus bar while in grid tied mode.
- b) All switches and the circuit breakers, connectors should conform to IEC 60947, part I, II and III/ IS60947 part I, II and III.
- c) The changeover switches, cabling work should be undertaken by the bidder as part of the project.
- d) All the Panel's shall be metal clad, totally enclosed, rigid, floor mounted, air - insulated, cubical type suitable for operation on three phase / single phase, 415 or 230 volts, 50 Hz
- e) The panels shall be designed for minimum expected ambient temperature of 45 degree Celsius, 80 percent humidity and dusty weather.
- f) All indoor panels will have protection of IP54 or better. All outdoor panels will have protection of IP65 or better.
- g) Should conform to Indian Electricity Act and rules (till last amendment).

- h) All the 415 V AC or 230 volts devices / equipment like bus support insulators, circuit breakers, SPDs, VTs etc., mounted inside the switchgear shall be suitable for continuous operation and satisfactory performance under the following supply conditions

Variation in supply voltage	+/- 10 %
Variation in supply frequency	+/- 5 Hz

### 1.6 **PCU/ARRAY SIZE RATIO:**

- a) The AC:DC ratio of the Solar Power Plant shall be allowed as per inverter permissible limits.

### 1.7 **PCU/ Inverter:**

As SPV array produce direct current electricity, it is necessary to convert this direct current into alternating current and adjust the voltage levels to match the grid voltage. Conversion shall be achieved using an electronic Inverter and the associated control and protection devices. All these components of the system are termed the “Power Conditioning Unit (PCU)”. In addition, the PCU shall also house MPPT (Maximum Power Point Tracker), an interface between Solar PV array & the Inverter, to the power conditioning unit/inverter should also be DG set interactive. If necessary. Inverter output should be compatible with the grid frequency. Typical technical features of the inverter shall be as follows:

Switching devices	IGBT/MOSFET
Control	Microprocessor /DSP
Nominal AC output voltage and frequency	415V, 3 Phase, 50 Hz (In case single phase inverters are offered, suitable arrangement for balancing the phases must be made.)
Output frequency	50 Hz
Grid Frequency Synchronization range	+/- 5 Hz
Ambient temperature considered	-20° C to 50° C
Humidity	95 % Non-condensing
Protection of Enclosure	IP-54(Minimum) for indoor.
	IP-65(Minimum) for outdoor.

Grid Frequency Tolerance range	+/- 5 Hz
Grid Voltage tolerance	-0.20.15
No-load losses	Less than 1% of rated power
Inverter efficiency(minimum)	>93% (In case of 10 kW or above with in-built galvanic isolation) >97% (In case of 10 KW or above without in-built galvanic isolation)
Inverter efficiency (minimum)	> 90% (In case of less than 10 kW)
THD	< 3%
PF	> 0.9

- a) Three phase PCU/ inverter shall be used with each power plant system (10kW and/or above) but in case of less than 10kW single phase inverter can be used.
- b) PCU/inverter shall be capable of complete automatic operation including wake-up, synchronization & shutdown.
- c) The output of power factor of PCU inverter is suitable for all voltage ranges or sink of reactive power, inverter should have internal protection arrangement against any sustainable fault in feeder line and against the lightning on feeder.
- d) Built-in meter and data logger to monitor plant performance through external computer shall be provided.
- e) **Anti-islanding** (Protection against Islanding of grid): The PCU shall have anti islanding protection in conformity to IEEE 1547/UL 1741/ IEC 62116 or equivalent BIS standard.
- f) Successful Bidders shall be responsible for galvanic isolation of solar roof top power plant (>100kW) with electrical grid or LT panel.
- g) In PCU/Inverter, there shall be a direct current isolation provided at the output by means of a suitable isolating transformer. If Isolation Transformer is not incorporated with PCU/Inverter, there shall be a separate Isolation Transformer of suitable rating provided at the output side of PCU/PCU units for capacity more than 100 kW.
- h) The PCU/ inverter generated harmonics, flicker, DC injection limits, Voltage Range, Frequency Range and Anti-Islanding measures at the point of connection to the utility services should follow the latest CEA (Technical Standards for Connectivity Distribution Generation Resources) Guidelines.
- i) The power conditioning units / inverters should comply with applicable IEC/ equivalent BIS standard for efficiency measurements and environmental tests as per standard codes IEC 61683/IS 61683 and IEC 60068-2 (1,2,14,30)/ Equivalent BIS Std.

- j) The MPPT units environmental testing should qualify IEC 60068-2 (1, 2, 14, 30)/ Equivalent BIS std. The junction boxes/ enclosures should be IP 65 (for outdoor)/ IP 54 (indoor) and as per IEC 529 specifications.
- k) The PCU/ inverters should be tested from the MNRE approved test centres/ NABL/ BIS/ IEC accredited testing- calibration laboratories. In case of imported power conditioning units, these should be approved by international test houses.

## **2 INTEGRATION OF PV POWER WITH GRID:**

The output power from SPV would be fed to the inverters which converts DC produced by SPV array to AC and feeds it into the main electricity grid after synchronization. In case of grid failure, or low or high voltage, solar PV system shall be out of synchronization and shall be disconnected from the grid. Once the DG set comes into service, PV system shall again be synchronized with DG supply and load requirement would be met to the extent of availability of power. 4 pole isolation of inverter output with respect to the grid/ DG power connection need to be provided.

## **3 DATA ACQUISITION SYSTEM / PLANT MONITORING**

- i. Data Acquisition System shall be provided for each of the solar PV plant.
- ii. Each Solar Power Plant should be equipped with Data Logging Provision for plant control and monitoring, time and date stamped system, data logs, for analysis. Remote Monitoring and data acquisition through Remote Monitoring System software at the site location with latest software/hardware configuration and service connectivity for online / real time data monitoring/control complete to be supplied and operation and maintenance/control to be ensured for each Solar Power Plant.
- iii. Solar Irradiance: An integrating Pyranometer / Solar cell based irradiation sensor (along with calibration certificate) provided, with the sensor mounted in the plane of the array. Readout integrated with data logging system.
- iv. Temperature: Temperature probes for recording the Solar panel temperature and/or ambient temperature to be provided complete with readouts integrated with the data logging system
- v. The following parameters are accessible via the operating interface display in real time separately for solar power plant:
  - a. AC Voltage.
  - b. AC Output current.
  - c. Output Power
  - d. Power factor.
  - e. DC Input Voltage.
  - f. DC Input Current.
  - g. Time Active.
  - h. Time disabled.
  - i. Time Idle.
  - j. Power produced
  - k. Protective function limits (Viz-AC Over voltage, AC Under voltage, Over frequency, Under frequency ground fault, PV starting voltage, PV stopping voltage.
- vi. All major parameters available on the digital bus and logging facility for energy auditing through the internal microprocessor and read on the digital front panel at any time) and

- logging facility (the current values, previous values for up to a month and the average values) should be made available for energy auditing through the internal microprocessor and should be read on the digital front panel.
- vii. PV array energy production: Digital Energy Meters to log the actual value of AC/ DC voltage, Current & Energy generated by the PV system provided. Energy meter along with CT/PT should be of 0.5 accuracy class.
  - viii. Computerized DC String/Array monitoring and AC output monitoring shall be provided as part of the inverter and/or string/array combiner box or separately.
  - ix. String and array DC Voltage, Current and Power, Inverter AC output voltage and current (All 3 phases and lines), AC power (Active, Reactive and Apparent), Power Factor and AC energy (All 3 phases and cumulative) and frequency shall be monitored.
  - x. Computerized AC energy monitoring shall be in addition to the digital AC energy meter.
  - xi. The data shall be recorded in a common work sheet chronologically date wise. The data file shall be MS Excel compatible. The data shall be represented in both tabular and graphical form.
  - xii. All instantaneous data shall be shown on the computer screen.
  - xiii. Software shall be provided for USB download and analysis of DC and AC parametric data for individual plant.
  - xiv. Provision for instantaneous Internet monitoring and download of historical data shall be also incorporated.
  - xv. Remote Server and Software for centralized Internet monitoring system shall be also provided for download and analysis of cumulative data of all the plants and the data of the solar radiation and temperature monitoring system.
  - xvi. Ambient / Solar PV module back surface temperature shall be also monitored on continuous basis.
  - xvii. Simultaneous monitoring of DC and AC electrical voltage, current, power, energy and other data of the plant for correlation with solar and environment data shall be provided.
  - xviii. Remote Monitoring and data acquisition through Remote Monitoring System software at the owner / JAKEDA location with latest software/hardware configuration and service connectivity for online / real time data monitoring / control complete to be supplied and operation and maintenance / control to be ensured by the bidder.
  - xix. The bidders shall be obligated to push real-time plant monitoring data on a specified intervals (say 15 minute) through open protocol at receiver location (cloud server) in XML/JSON format, preferably. Suitable provision in this regard will be intimated to the bidders.

#### **4 TRANSFORMER “IF REQUIRED” & METERING:**

- a) Dry/oil type relevant kVA, 11kV/415V, 50 Hz Step up along with all protections, switchgears, Vacuum circuit breakers, cables etc. along with required civil work.
- b) The bidirectional electronic energy meter (0.5 S class) shall be installed for the measurement of import/Export of energy.
- c) The bidder must take approval/NOC from the Concerned DISCOM for the connectivity, technical feasibility, and synchronization of SPV plant with distribution network and submit the same to JAKEDA before commissioning of SPV plant.

- d) Reverse power relay shall be provided by bidder (if necessary), as per the local DISCOM requirement.

## **5 POWER CONSUMPTION:**

- a) Regarding the generated power consumption, priority need to give for internal consumption first and thereafter any excess power can be exported to grid. Finalization of tariff is not under the purview of JAKEDA or MNRE. Decisions of appropriate authority like DISCOM, state regulator may be followed.

## **6 PROTECTIONS**

The system should be provided with all necessary protections like earthing, Lightning, and grid islanding as follows:

### **6.1 LIGHTNING PROTECTION**

- a) The SPV power plants shall be provided with lightning & overvoltage protection. The main aim in this protection shall be to reduce the over voltage to a tolerable value before it reaches the PV or other sub system components. The source of over voltage can be lightning, atmosphere disturbances etc. The entire space occupying the SPV array shall be suitably protected against Lightning by deploying required number of Lightning Arrestors. Lightning protection should be provided as per NFC 17-102:2011 standard or as per IS 2309. The protection against induced high-voltages shall be provided by the use of metal oxide varistors (MOVs) and suitable earthing such that induced transients find an alternate route to earth.

### **6.2 SURGE PROTECTION**

- a) Internal surge protection shall consist of three MOV type surge-arrestors connected from +ve and -ve terminals to earth (via Y arrangement).

### **6.3 EARTHING PROTECTION**

- a) Each array structure of the PV yard should be grounded/ earthed properly as per IS:3043-1987. In addition, the lightning arrester/masts should also be earthed inside the array field. Earth Resistance shall be tested in presence of the representative of Department/JAKEDA as and when required after earthing by calibrated earth tester. PCU, ACDB and DCDB should also be earthed properly.
- b) Earth resistance shall not be more than 5 ohms. It shall be ensured that all the earthing points are bonded together to make them at the same potential.

### **6.4 GRID ISLANDING:**

- a) In the event of a power failure on the electric grid, it is required that any independent power-producing inverters attached to the grid turn off in a short period of time. This prevents the DC-to-AC inverters from continuing to feed power into small sections of the grid, known as "Islands." Powered Islands present a risk to workers who may expect the area to be unpowered, and they may also damage grid-tied equipment. The Rooftop PV system shall

be equipped with islanding protection. In addition to disconnection from the grid (due to islanding protection) disconnection due to under and over voltage conditions shall also be provided.

- b) A manual disconnect 4-pole isolation switch beside automatic disconnection to grid would have to be provided at utility end to isolate the grid connection by the utility personnel to carry out any maintenance. This switch shall be locked by the utility personnel.

## 7. **CABLES**

Cables of appropriate size to be used in the system shall have the following characteristics:

- i. Shall meet IEC 60227/IS 694, IEC 60502/IS1554 standards
- ii. Temp. Range:  $-10^{\circ}\text{C}$  to  $+80^{\circ}\text{C}$
- iii. Voltage rating 660/1000V
- iv. Excellent resistance to heat, cold, water, oil, abrasion, UV radiation
- v. Flexible
- vi. Sizes of cables between array interconnections, array to junction boxes, junction boxes to Inverter etc. shall be so selected to keep the voltage drop (power loss) of the entire solar system to the minimum (2%)
- vii. For the DC cabling, XLPE or, XLPO insulated and sheathed, UV-stabilized single core multi-stranded flexible copper cables shall be used; Multi-core cables shall not be used.
- viii. For the AC cabling, PVC or, XLPE insulated and PVC sheathed single or, multi-core multi-stranded flexible copper/Aluminium cables shall be used; Outdoor AC cables shall have a UV-stabilized outer sheath.
- ix. The cables (as per IS) should be insulated with a special grade PVC compound formulated for outdoor use. Outer sheath of cables shall be electron beam cross-linked XLPO type and black in colour.
- x. The DC cables from the SPV module array shall run through a UV-stabilized PVC conduit pipe of adequate diameter with a minimum wall thickness of 1.5mm.
- xi. Cables and wires used for the interconnection of solar PV modules shall be provided with solar PV connectors (MC4) and couplers
- xii. All cables and conduit pipes shall be clamped to the rooftop, walls and ceilings with thermo-plastic clamps at intervals not exceeding 50 cm; the minimum DC cable size shall be  $4.0\text{ mm}^2$  copper; the minimum AC cable size shall be  $4.0\text{ mm}^2$  copper. In three phase systems, the size of the neutral wire size shall be equal or half to the size of the phase wires.
- xiii. Cable Routing/ Marking: All cable/wires are to be routed in a GI cable tray and suitably tagged and marked with proper manner by good quality ferule or by other means so that the cable easily identified. In addition, cable drum no. / Batch no. to be embossed/ printed at every one meter.
- xiv. Cable Jacket should also be electron beam cross-linked XLPO, flame retardant, UV resistant and black in colour.
- xv. All cables and connectors for use for installation of solar field must be of solar grade which can withstand harsh environment conditions including High temperatures, UV radiation, rain, humidity, dirt, salt, burial and attack by moss and microbes for 25 years

and voltages as per latest IEC standards. DC cables used from solar modules to array junction box shall be solar grade copper (Cu) with XLPO insulation and rated for 1.1kV as per relevant standards only.

- xvi. The ratings given are approximate. Bidder to indicate size and length as per system design requirement. All the cables required for the plant shall be provided by the bidder. Any change in cabling sizes if desired by the bidder shall be approved after citing appropriate reasons. All cable schedules/ layout drawings shall be approved prior to installation.
- xvii. Multi Strand, Annealed high conductivity copper conductor PVC type ‘A’ pressure extruded insulation or XLPE insulation. Overall PVC/XLPE insulation for UV protection Armoured cable for underground laying. All cable trays including covers to be provided. All cables conform to latest edition of IEC/ equivalent BIS Standards as specified below: BoS item / component Standard Description Standard Number Cables General Test and Measuring Methods, PVC/XLPE insulated cables for working Voltage up to and including 1100 V, UV resistant for outdoor installation IS /IEC 69947.
- xviii. The total voltage drop on the cable segments from the solar PV modules to the solar grid inverter shall not exceed 2.0%.
- xix. The total voltage drop on the cable segments from the solar grid inverter to the building distribution board shall not exceed 2.0%.

## 8. **CONNECTIVITY**

- a. Connecting Voltage as indicated in the second column of the table shall be as per JERC or any other applicable regulatory authority regulations/ guidelines.

Plant Capacity	Connecting voltage
Up to 10 kW	240V-single phase or 415V-three phase at the option of the consumer
Above 10kW and up to 100 kW	415V – three phase
Above 100kW	At HT/EHT level (11kV/33kV/66kV) as per DISCOM rules

- b. The The SPD shall abide by applicable Grid Code, Grid Connectivity Standards, Regulations on Communication System for transmission of electricity and other regulations/procedures.

## 9. **TOOLS & TACKLES AND SPARES:**

- a) After completion of installation & commissioning of the power plant, necessary tools & tackles are to be provided free of cost by the bidder for maintenance purpose. List of tools and tackles to be supplied by the bidder for approval of specifications and make from JAKEDA/ owner.
- b) A list of requisite spares in case of PCU/inverter comprising of a set of control logic cards, IGBT driver cards etc. Junction Boxes. Fuses, MOVs / arrestors, MCCBs etc along with spare set of PV modules be indicated, which shall be supplied along with the equipment. A minimum set of spares shall be maintained at the regional level (Jammu and Srinagar) warehouses itself for the entire period of warranty and Operation & Maintenance which upon its use shall be replenished.

## 10. **DANGER BOARDS AND SIGNAGES:**

- a) Danger boards should be provided as and where necessary as per IE Act. /IE rules as amended up to date. Three signage shall be provided one each at battery –cum- control room, solar array area and main entry from administrative block. Text of the signage may be finalized in consultation with JAKEDA/ owner.

**11. FIRE EXTINGUISHERS:**

The firefighting system for the proposed power plant for fire protection shall be consisting of:

- a) Portable fire extinguishers in the control room for fire caused by electrical short circuits
- b) Sand buckets in the control room
- c) The installation of Fire Extinguishers should confirm to TAC regulations and BIS standards. The fire extinguishers shall be provided in the control room housing PCUs as well as on the Roof or site where the PV arrays have been installed.

**12. DRAWINGS & MANUALS:**

- a) Two sets of Engineering, electrical drawings and Installation and O&M manuals are to be supplied. Bidders shall provide complete technical data sheets for each equipment giving details of the specifications along with make/makes in their bid along with basic design of the power plant and power evacuation, synchronization along with protection equipment.
- b) Approved ISI and reputed makes for equipment be used.
- c) For complete electro-mechanical works, bidders shall supply complete design, details and drawings for approval to JAKEDA/owners before progressing with the installation work

**13. PLANNING AND DESIGNING:**

- d) The bidder should carry out Shadow Analysis at the site and accordingly design strings & arrays layout considering optimal usage of space, material and labour. The bidder should submit the array layout drawings along with Shadow Analysis Report to JAKEDA/Owner for approval.
- e) JAKEDA reserves the right to modify the landscaping design, Layout and specification of sub-systems and components at any stage as per local site conditions/requirements.

- f) The bidder shall submit preliminary drawing for approval & based on any modification or recommendation, if any. The bidder has to submit three sets and soft copy in CD of final drawing for formal approval to proceed with construction work.

**14. DRAWINGS TO BE FURNISHED BY BIDDER AFTER AWARD OF CONTRACT**

- g) The Contractor shall furnish the following drawings Award/Intent and obtain approval
- h) General arrangement and dimensioned layout
  - i) Schematic drawing showing the requirement of SV panel, Power conditioning Unit(s)/ inverter, Junction Boxes, AC and DC Distribution Boards, meters etc.
  - j) Structural drawing along with foundation details for the structure.
  - k) Itemized bill of material for complete SV plant covering all the components and associated accessories.
  - l) Layout of solar Power Array
  - m) Shadow analysis of the roof

**15. SOLAR PV SYSTEM ON THE ROOFTOP FOR MEETING THE ANNUAL ENERGY REQUIREMENT**

The Solar PV system on the rooftop of the selected buildings will be installed for meeting upto 90% of the annual energy requirements depending upon the area of rooftop available and the remaining energy requirement of the office buildings will be met by drawing power from grid at commercial tariff of DISCOMs.

**16. SAFETY MEASURES:**

The bidder shall take entire responsibility for electrical safety of the installation(s) including connectivity with the grid and follow all the safety rules & regulations applicable as per Electricity Act, 2003 and CEA guidelines etc.

**17. DISPLAY BOARD**

The bidder has to display a board at the project site (above 25 kWp) mentioning the following:

- a. Plant Name, Capacity, Location, Date of commissioning, estimated Power generation.
- b. Financial Assistance details from JAKEDA/MNRE/Any other financial institution apart from loan. This information shall not be limited to project site but also be displayed at site offices/head quarter offices of the successful bidder
- c. The size and type of board and display shall be approved by Engineer-in-charge before site inspection.

Please refer **Annexure-F** for IEC standards to be mandatorily adhered.

### QUALITY CERTIFICATION, STANDARDS AND TESTING FOR GRID-CONNECTED ROOFTOP SOLAR PV SYSTEMS/POWER PLANTS

Quality certification and standards for grid-connected rooftop solar PV systems are essential for the successful mass-scale implementation of this technology. It is also imperative to put in place an efficient and rigorous monitoring mechanism, adherence to these standards. Hence, all components of grid-connected rooftop solar PV system/ plant must conform to the relevant standards and certifications given below:

<b>Solar PV Modules/Panels</b>	
IEC 61215/ IS 14286	Design Qualification and Type Approval for Crystalline Silicon Terrestrial Photovoltaic (PV) Modules
IEC 61701	Salt Mist Corrosion Testing of Photovoltaic (PV) Modules
IEC 61853- Part 1/ IS 16170: Part 1	Photovoltaic (PV) module performance testing and energy rating –: Irradiance and temperature performance measurements, and power rating
IEC 62716	Photovoltaic (PV) Modules – Ammonia (NH <sub>3</sub> ) Corrosion Testing  (As per the site condition like dairies, toilets)
IEC 61730-1,2	Photovoltaic (PV) Module Safety Qualification – Part 1: Requirements for Construction, Part 2: Requirements for Testing
<b>Solar PV Inverters</b>	
IEC 62109-1, IEC 62109-2	Safety of power converters for use in photovoltaic power systems –  Part 1: General requirements, and Safety of power converters for use in photovoltaic power systems  Part 2: Particular requirements for inverters. Safety compliance (Protection degree IP 65 for outdoor mounting, IP 54 for indoor mounting)
IEC/IS 61683 (as applicable)	Photovoltaic Systems – Power conditioners: Procedure for Measuring Efficiency (10%, 25%, 50%, 75% & 90-100% Loading Conditions)
IEC 62116/ UL 1741/ IEEE 1547 (as applicable)	Utility-interconnected Photovoltaic Inverters - Test Procedure of Islanding Prevention Measures
IEC 60255-27	Measuring relays and protection equipment – Part 27: Product safety requirements

IEC 60068-2 / IEC 62093  (as applicable)	Environmental Testing of PV System – Power Conditioners and Inverters
<b>Fuses</b>	
IS/IEC 60947 (Part 1, 2 & 3), EN 50521	General safety requirements for connectors, switches, circuit breakers (AC/DC): a) Low-voltage Switchgear and Control-gear, Part 1: General rules b) Low-Voltage Switchgear and Control-gear, Part 2: Circuit Breakers c) Low-voltage switchgear and Control-gear, Part 3: Switches, disconnectors, switch-disconnectors and fuse-combination units d) EN 50521: Connectors for photovoltaic systems – Safety requirements and tests
IEC 60269-6	Low-voltage fuses - Part 6: Supplementary requirements for fuse-links for the protection of solar photovoltaic energy systems
<b>Surge Arrestors</b>	
BFC 17-102:2011	Lightening Protection Standard
IEC 60364-5-53/ IS 15086-5 (SPD)	Electrical installations of buildings - Part 5-53: Selection and erection of electrical equipment - Isolation, switching and control
IEC 61643-11:2011	Low-voltage surge protective devices - Part 11: Surge protective devices connected to low-voltage power systems - Requirements and test methods
<b>Cables</b>	
IEC 60227/IS 694, IEC 60502/IS 1554 (Part 1 & 2)/ IEC69947  (as applicable)	General test and measuring method for PVC (Polyvinyl chloride) insulated cables (for working voltages up to and including 1100 V, and UV resistant for outdoor installation)
BS EN 50618	Electric cables for photovoltaic systems (BT(DE/NOT)258), mainly for DC Cables
<b>Earthing /Lightning</b>	

IEC 62561 Series (Chemical earthing)  (as applicable)	IEC 62561-1 Lightning protection system components (LPSC) - Part 1: Requirements for connection components IEC 62561-2 Lightning protection system components (LPSC) - Part 2: Requirements for conductors and earth electrodes IEC 62561-7 Lightning protection system components (LPSC) - Part 7: Requirements for earthing enhancing compounds
<b>Junction Boxes</b>	
IEC 60529	Junction boxes and solar panel terminal boxes shall be of the thermo-plastic type with IP 65 protection for outdoor use, and IP 54 protection for indoor use
<b>Energy Meter</b>	
IS 16444 or as specified by the DISCOMs	A.C. Static direct connected watt-hour Smart Meter Class 1 and 2 — Specification (with Import & Export/Net energy measurements)
<b>Solar PV Roof Mounting Structure</b>	
IS 2062/IS 4759	Material for the structure mounting

Note- Equivalent standards may be used for different system components of the plants. In case of clarification following person/agencies may be contacted.
